August 17, 2020

The library is currently offering services for patrons to reserve, browse, and check out materials in all formats from the entire Old Colony Library Network.

Library staff will be increasing tent hours and reference desk hours in early September and adding additional services as they become feasible and safe.

The library will continue to fulfill students' educational and personal library requests but cannot yet offer space for tutors or provide after school programs in the building that serve, in some ways, as after school care.

The DFL is a place where people regularly come to gather and linger, and as we cannot ensure the health and safety of all patrons, the building will remain closed until further notice.

The library has been honored to serve the community during a time of great uncertainty. We have been heartened to see and hear from our users as we have created a new model of library service. We remain invested in our mission, and we thank the community for its continuing support.
