He noted there were some "punch list" items to be completed and they planned on completing them in the next week or so. The public stairway permanent railing and walkway paving to be installed next week.

The group noted professional job done by Northern. Pete reported no neighborhood complaints and no change orders for the entire construction process.

Group walked house side of wall. Jack and Pete discussed/explained that nothing should be hammered, drilled into or in any penetrate new wall. This would rot concrete and have a wicking effect into rebar. Ted will bring to Selectmen to discuss enforcement.

Group also requested final costing numbers for the project. Jack noted +/- on budget.
