

Tips for accessing MACRIS

Massachusetts Cultural Resources Information System

This database can be tricky to use. If you enter information in a way that does not exactly match what the database already has, you will come up empty. To avoid that, follow these instructions.

This link takes you directly to the state website MACRIS: <http://mhc-macris.net/>

- The first time you visit, you will see a “MACRIS Terms and Disclaimer” page.
 - On the bottom of the page
 - Tick the box labeled “This is not a public or shared computer, remember my acknowledgement”
 - Click the “Acknowledge and Accept Terms” button.
- On the following page, use the “Search Filter” menu on the left.
 - Click the “Refine by City/Town” link and use the “View List” button to select Duxbury
 - Click NEXT
 - Click the “Refine by Address” link and use the “View List” button to select your Street
 - Click NEXT
- A listing of all the buildings on your street will appear. Find yours!
- Click on the blue “INV” icon to download a copy of your home's historical survey report.

*Note – not every building in town that is over 75 years old has an inventory form on MACRIS. If yours does not, please let us know via DuxHistoricalCom@gmail.com, as we are assembling a list of such buildings

You can also access a MACRIS Map website here: <https://maps.mhc-macris.net/>
