2. Evaporation Pilgrim's wastewater- discussion/actions
3. Monitoring air emissions- licensee, State and including status Duxbury's monitor at Harbor.
4. Status DEP Tentative Denial Holtec's modification application
5. Legislation: status
S.1448 Sen. O'Connor.
S. 2157 Sen Su Moran – Joint TUE
The department of public utilities, in consultation with the department of energy resources, shall study the potential repurposing of decommissioned or inactive power plants within the commonwealth. The study shall examine all inactive or decommissioned power plants within the commonwealth, including any power plants in the process of becoming inactive or decommissioned. The study shall examine the potential uses for repurposing of said power plants including, but not limited to:
(a) transitioning to become a fusion energy power plant; and
(b) transitioning to use for energy storage as a battery power plant.

The listings of matters are those reasonably anticipated by the chair which may be discussed at the meeting. Not all items listed may in fact be discussed and other items not listed may also be brought up for discussion to the extent permitted by law.

The department of public utilities shall submit the results of the study to the clerks of the senate and house of representatives by December 1, 2024.

6. ATM Article-Due 12.01.23- Draft for discussion

DNAC Article 2024: Moratorium On The Construction Of New Nuclear Power Plants In Massachusetts

The town of Duxbury urges the legislature to pass legislation that prohibits the construction of new nuclear reactors in Massachusetts until the federal government has implemented a solution to radioactive waste disposal by developing a permanent disposal site for high-level commercial nuclear waste.

Rationale

Holtec's announced plans to build SMR-160's on sites Holtec is decommissioning

7. DNAC Annual Report-submitted

8. Approve Minutes- 07.25.23 09. 26. 23 no quorum

9. Other
