Join us for a virtual public meeting to discuss the Town of Duxbury's work on updating the Complete Streets Prioritization Plan.

MassDOT's Complete Streets Program is an initiative to help municipalities make infrastructure improvements to provide safe and accessible options for all travel modes for people of all ages and abilities.

Your input is a vital part of the process, so come learn about the proposed projects from our consultant team, Howard Stein Hudson, and share your vision for walking, biking, transit, and safety in the Town of Duxbury!
