BOIL WATER ORDER/FAKE FACEBOOK POST WARNING

LAST UPDATED: AUGUST 15, 2019 - 9:46AM

Press Release from the Board of Selectmen:

Good Evening:

On behalf of the Board of Selectman I am responding to emergency boil order required by the recent water pipe and sewer pipe break. The DPW is handling the issue and in contact with the DEP and our Board of Health.

The DPW is following state mandated procedures and requirements when these circumstances exist. The DPW will keep the town periodically updated and the next update will be in am on line and on WATD.

Thank you for your continued patience and understanding during this difficult time. The safety of our residents is our primary concern.

For more information please call DPW at 781-834-5596.

Michael A. Marasco
Town Administrator

ATTENTION FACEBOOK USERS!!

It's come to our attention there's an unprofessional post that is appearing to come from our page. I assure you that this did not come from the Marshfield DPW! We are working very closely with the Marshfield Police Department to identify the impostor! For any further information please rely on this page and this page only! Town of Marshfield DPW Official Facebook Page

UPDATE 8-14

Until further sampling of the town's water service is concluded, the Department of Environmental Protection (DEP) has asked that we, the Town of Marshfield, notify all residents and establishments to boil all water before drinking until further notice. All other uses of town water are permissible at this time. Again, this is a precautionary measure that the DEP has asked the town to do. Thank you for your cooperation.
