Background on the Command Center

The COVID Command Center, under the leadership of Secretary Marylou Sudders and reporting to Governor Charlie Baker and Lt. Governor Karyn Polito, is the Commonwealth's single point of strategic decision making and coordination for the Administration's comprehensive COVID-19 response.

Situation in Numbers

Massachusetts **current as of 5/04**

69,087 Total Cases ([click here for more information](#))

4,090 Deaths

324,268 patients tested to date by MA State Public Health Laboratory, hospitals and commercial laboratories.

United States **current as of 5/04**

Case numbers are updated regularly at noon. Saturday/Sunday reports are preliminary and have not been confirmed with state/territorial health departments.

Total Cases Reported to CDC:

1,152,372 Total Cases

67,456 Deaths

55 Jurisdictions Reporting Cases (50 states, D.C., Puerto Rico, Guam, Northern Marianas, and US V.I.)

Social Distancing Basics:

- ✓ Stay Home
- ✓ Call/Facetime/online chat with friends and loved ones.

If you go out for essential needs:

- ✓ Avoid crowds
- ✓ Stay 6 feet away from others
- ✓ Don't shake hands or hug
- ✓ Wear a face covering or mask if physical distancing is not possible.

State Actions Today

Today, Governor Charlie Baker and Lt. Governor Karyn Polito joined Secretary of Health and Human Services Marylou Sudders to provide an update on the Commonwealth response to the COVID-19 pandemic. ([See video here](#)).

The Governor provided his daily update on testing, hospitalizations, and PPE distribution, and along with the Lt. Governor, gave an update on the work of the Reopening Advisory Board.

Testing:

- Yesterday (May 3) almost 16,000 tests were reported in Massachusetts, the highest number of tests in one day since the pandemic began.
- The number of new, confirmed COVID-19 cases yesterday came in at 1,824.
 - 12% of those tests were positive.
- Positive test rates have been under 20% for the several days over the last week.

Hospitalizations & Capacity:

- As of May 3rd, there were 3,617 patients hospitalized statewide for COVID-19, 904 of which are being treated in ICUs. The number of hospitalizations has been decreasing over the past several days.
- For people who test positive for COVID-19, about 5% become ill enough to be hospitalized.
- Massachusetts hospitals have significantly increased their bed capacity and now have about 17,900 beds available across the state—including the temporary field hospitals.
 - 53% of those beds remain available for patients.
- In general, the number COVID patients hospitalized has been decreasing in Western Massachusetts and Cape Cod, remains higher in Worcester County and the South Coast, and has leveled off in Boston.

Personal Protective Equipment:

- As of yesterday, the Commonwealth has delivered over 8 million pieces of PPE; this includes masks, gloves, gowns and ventilators distributed to health care workers, first responders and others.
- The Command Center continues to aggressively pursue all supply chain avenues.
- Over the weekend, Massachusetts joined with other northeastern states in an effort to jointly procure supplies of PPE going forward.

Reopening Advisory Board:

- The Re-Opening Advisory Board, co-chaired by Lt. Governor Polito and Housing & Economic Development Secretary Kennealy, has been meeting with various employers, business organizations, and municipalities to gather as much data as they can, and to work with DPH and the healthcare community to develop specific guidance for re-opening.
- To date, the Board has engaged with stakeholders from 23 different industry associations and community coalitions. Together, these groups represent over 100,000 businesses, 1.4 million workers and include representatives from retail, high tech, life sciences, restaurants, travel, tourism and lodging, banking, construction, and recreation. The Board also engaged with the Black Economic Council, the Latino Chamber of Commerce, and the NAACP.

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- Over the next few days, the Board will meet with representatives from labor, gaming, museums and cultural institutions, and sports organizations, among others.
- Additionally, the Board has received over 475 submissions of written testimony.
- In meeting with the Board, each group has discussed the key issues that their industry or their region expects to face and have emphasized the specific guidance and information that they are looking for from the Commonwealth and local governments in order to re-open safely.

Update on Mobile Testing Numbers for Long Term Care, Assisted Living Residences and EOHHS Sites

The Mobile Testing Program can test both symptomatic and asymptomatic residents and staff at nursing homes, rest homes, Assisted Living Residences, and EOHHS group homes and care sites. The program was launched by the Command Center on 3/31 and operates under the auspices of the Massachusetts National Guard, in partnership with the Department of Public Health, Fallon Ambulance, and Broad Institute of Cambridge. See a summary below of testing activity.

Onsite Testing

Date	Number of Tests Completed	Facilities Visited
5/4	1,470	11
Total (as of 5/4)	30,887	553

COVID-19 Cases in Long-Term Care (LTC) Facilities (as of 5/4)	
Residents/Healthcare Workers of LTC Facilities	13,708
LTC Facilities Reporting at Least One Case of COVID-19	325
Deaths Reported in LTC Facilities	2,428

Mobile Testing at EOHHS Group Homes & Care Sites (as of 5/4 by Fallon Ambulance Service)

DDS, DMH, DCF and DPH Facilities	
Clients	7295
Staff	10187
Total Tests	17,482
Number of Locations	1187

Other Important Updates

Holyoke Soldiers' Home

- Today, the Holyoke Soldiers' Home rehabilitation vendor is restarting its onsite services to support the physical rehabilitation and ambulation of veterans.
- Three additional new staff are starting today, two nursing staff and one dietary staff, and they are undergoing orientation. This is in addition to several new nursing staff that were onboarded last week -- a mix of permanent, per-diem, and contracted -- to support veteran care.
- Beginning this week, the Soldiers' Home will add more recreation activities with music, trivia, doorway bingo, and yoga; Recreation staff will go unit by unit, veterans will social distance by staying in their doorways

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- To protect the health and safety of veteran residents and staff, PPE coaches are on the units at the Holyoke Soldiers' Home to provide additional friendly correction and coaching to ensure staff are compliant with proper use across all shifts, a function in addition to the training staff have already received.
- As veteran residents are being cared for, their status and symptoms are being closely monitored and they are being retested as appropriate. As results are returned, residents are being cohorted appropriately.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Holyoke, Soldiers' Home in Chelsea, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.
- Regular family communication continues from Holyoke Soldiers' Home staff through video chat, and the Family Hotline is available for ad hoc updates with support from social work and clinical staff.
 - Families can call the Family Hotline at 413-552-4764 Monday - Friday 8:00 a.m. - 4:00 p.m. Families can also request updates via email at CommunicationsMailbox-HLY@Mass.gov.
 - Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file. If a family member requests an update and is **not** the health care proxy, the name of the health care proxy will be shared and it will be suggested that the health care proxy should call and request the update.
- **The total numbers at the Holyoke Soldiers' Home as of Monday May 4:**
 - 84 veteran resident deaths (71 positive, 12 negatives, 1 unknown)
 - Testing results of all residents
 - 80 veteran residents have tested positive
 - 61 veteran residents have tested negative
 - Of all residents
 - 104 residents are onsite
 - 37 residents are offsite
 - 32 residents are at a dedicated skilled nursing unit at Holyoke Medical Center
 - 5 residents are receiving acute care offsite
 - 81 employees have tested positive

Chelsea Soldiers' Home

- Veteran residents' health is being monitored and retesting is being conducted for veterans on- and off-site as appropriate. As results are received, veteran residents are being cohorted and further monitored. Additional isolation space has been identified and is being readied if needed.
- The Chelsea Soldiers' Home has reviewed its infection control and clinical operations with additional experts. Staff have been provided PPE core competency training, the entire facility is rounded on daily for infection control quality assurance checks, all units have been provided with educational materials, and there are daily cleanings throughout the facility in addition to frequent terminal cleaning.
- The Chelsea Soldiers' Home clinical command continues to respond to the COVID-19 pandemic, including regular coordinating calls with the VA Health Care System, monitoring and enforcing staff use of personal protective equipment (PPE), and closely monitoring staff levels, supplementing as necessary with support from contracted staff.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Chelsea, Soldiers' Home in Holyoke, as well as the Massachusetts

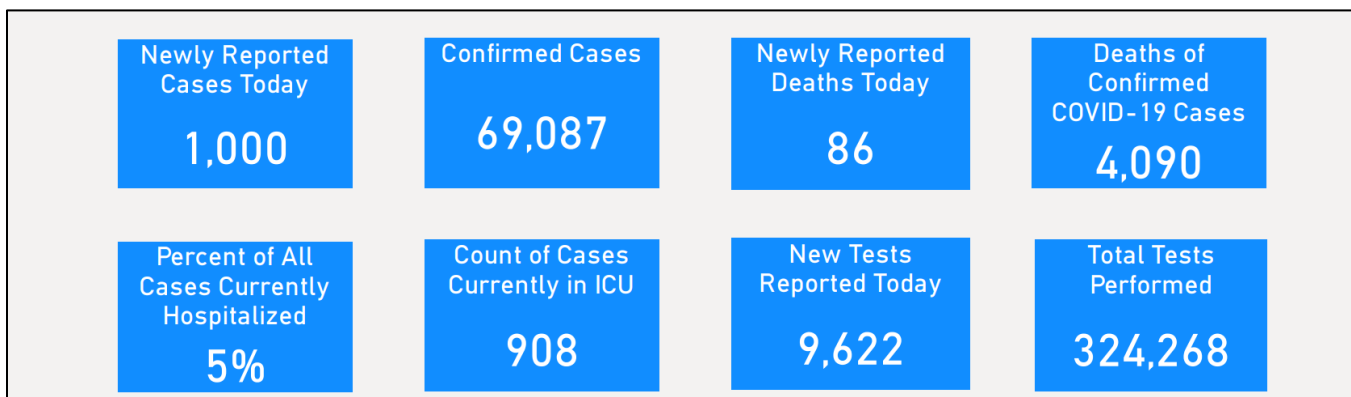

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.

- Veteran residents are communicating with their families and loved ones via video with support from the Chelsea Soldiers' Home Social Work team. Families can request updates on their loved ones by contacting the Home at CSH@mass.gov and through phone and video conversations. Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file.
- **The total numbers at the Chelsea Soldiers' Home as of Monday May 4:**
 - 34 veteran resident deaths (27 tested positive, 7 tested negative)
 - 30 veteran residents who have tested positive
 - 188 veteran residents who have tested negative
 - 54 staff tested positive

COVID-19 Public Health Data

The Department of Public Health has made available the underlying data files the Department uses each day to produce the COVID-19 Dashboard, as part of a continued effort to expand the amount and type of data released to the public. The data files are updated and posted daily (**by 4pm**) with the dashboard report for the public, researchers, and media to download. **City and town case data are published weekly each Wednesday.** ([Find the Data Files Here](#)). Key data reflected in today's report is provided below:

Resources

COVID-19 Testing

The Department of Public Health (DPH) has posted to their COVID-19 website information on testing and mobile testing site locations ([available here](#)). This information is updated twice weekly.

Homeless COVID-19 Isolation Sites

The Commonwealth's COVID-19 Command Center and MEMA have stood up regional isolation and recovery sites located in hotels across the state ([click here for more information](#)). Currently there are sites in Lexington, Pittsfield, Taunton, Northampton, and Everett. These locations are for individuals who:

- Are homeless (people who normally sleep at a shelter, on the street, for whom home is unsafe due to violence, or who do not have a permanent address) AND

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- Who are COVID-19 positive OR have a medical provider's note recommending isolation and can safely isolate without medical supervision.

These sites are for individuals who have mild or moderate symptoms and do not need hospital level of care or nursing facility level of care. Medical treatment is not provided on site. As noted above, individuals must have a positive COVID-19 test or must have been seen by a medical provider and directed to isolate for them to be accepted. These locations cannot support individuals who need assistance with Activities of Daily Living or who need the level of care provided at a Skilled Nursing Facility.

For shelter providers located outside Boston, please call 617-367-5150 between the hours of 7 a.m. and 7 p.m. The intake coordinator will determine eligibility, register an individual for the program, and have the guest placed and transported to the nearest Isolation and Recovery location that has availability.

For shelter providers located in Boston please call 617-534-5050 to access sites in Boston.

Disaster Recovery Information

On March 27, the President [declared](#) a Major Disaster Declaration for the Commonwealth of Massachusetts related to the COVID-19 pandemic response. Through this declaration, federal aid will be made available to cities and towns, state agencies, and certain non-profits in all Massachusetts counties to help pay for emergency protective measures (response costs) related to the COVID-19 pandemic. MEMA's Recovery Unit has developed a [webpage](#) with information and guidance on, but not limited to, disaster declaration, eligibility criteria, and the application process.

COVID-19 Public Resources Map

MEMA, together with MA VOAD and other partners, has developed a [COVID-19 Public Resources Map](#) showing the location of resources available to the public, such as food banks, houses of worship, and Project Bread site locations. Please note that this map is not inclusive of all resources and is only as accurate as the information that has been provided to MEMA.

Massachusetts COVID-19 Response Dashboard

MEMA has developed and maintains a public-facing COVID-19 ArcGIS Online dashboard, available [here](#). This dashboard is continuously updated and captures information about current COVID 19 case counts, cases by age, cases by county, hospital status, hospital bed status, death tolls, and deaths by age. Users should refresh the dashboard on a daily basis as enhancements are continuously being added.

Stay Informed

- Get information from trusted sources. Visit <https://www.mass.gov/covid19> for the latest news, case counts, and lab testing results. Call 2-1-1 with questions. Text the keyword **COVIDMA to 888-777** to receive notifications to your phone. To receive these notifications in Spanish, text **COVIDMAESP to 888-777**
- Take care of your emotional health:
- Call 2-1-1 and choose the "CALL2TALK" option.
- Samaritans is continuing operations 24/7, as always. During this unprecedented time, it can feel overwhelming to receive constant messages about COVID-19. Call or text their 24/7 helpline any time at 877-870-4673.

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- The Disaster Distress Helpline, 1-800-985-5990, is a 24/7, 365-day-a-year, national hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster, including disease outbreaks like COVID-19. This toll-free, multilingual, and confidential crisis support service is available to all residents in the United States and its territories.

- Apply for Jobs at COVID-19 Temporary Care Sites ([Details Here](#)).

Give Blood:

The COVID-19 virus has caused the cancellation of blood drives across the Commonwealth. There is an urgent need **now**. The Governor has deemed “Blood and plasma donors and the employees of the organizations that operate and manage related activities” as an essential service. Your support is needed to communicate to your residents that the need is urgent, and donating is a necessity to supply the hospitals with the blood our neighbors require. Donating blood is safe and people should not hesitate to give. In addition, there is a need for community blood drive sites in the eastern part of the state. Identifying donation sites is vital to meet the demand as we go forward. Your local knowledge, suggestions of sites, and potential partners are crucial to

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

meeting the needs of our neighbors who need blood and blood products. To schedule a new blood drive contact Bill Forsyth at (617) 699-3808 or at email William.Forsyth@redcross.org.

Those who are healthy, feeling well and eligible to give blood or platelets, are urged to make an appointment to donate as soon as possible by using the Red Cross Blood Donor App, visiting RedCrossBlood.org or calling 1-800-RED CROSS (1-800-733-2767).

Requests for Red Cross Emergency Response

American Red Cross

The American Red Cross (ARC) of Massachusetts is committed to fulfilling our Mission of providing emergency relief to our neighbors following a home fire or other disaster. We have implemented temporary changes to our response protocols. ARC we will be responding to your requests for service with a virtual response and ask your assistance in sharing this information with your Incident Commanders and Dispatch Center personnel.

Notification: Continue to request a response by contacting our long-standing emergency line **800-564-1234**.

When calling: Please have contact information for the head of household for each displaced family unit.

A point of contact from the Fire Department or Emergency Management on-scene that we can coordinate with if needed. Quick assessment as to extent of damage.

What we will do:

- Contact each head of household by phone or video chat. Open a virtual case for each affected family.
- Arrange for lodging if needed.
- Deliver a Client Assistance Card (financial assistance) to hotel, family member's home, etc.
- Provide Recovery guidance and assistance in the days following the incident.

If a virtual response is not possible, we will send a minimal number of Red Cross volunteers to the scene to orchestrate the virtual intake process. We value our partnership with your department and encourage you to contact us with any questions.
