COVID-19 Command Center

Massachusetts Emergency Management Agency

Situation Update

Note: Command Center Situation Reports will be issued Monday through Friday going forward.

State Actions in Today's Report:

- Daily Case Update (link in sidebar)
- Governor Baker Provides Daily Update
- New Community Health Center Campaign
- Update on Mobile Testing Numbers
- Update on Holyoke and Chelsea Soldiers' Homes

Background on the Command Center

The COVID Command Center, under the leadership of Secretary Marylou Sudders and reporting to Governor Charlie Baker and Lt. Governor Karyn Polito, is the Commonwealth's single point of strategic decision making and coordination for the Administration's comprehensive COVID-19 response.

Situation in Numbers

Massachusetts **current as of 5/08**

75,333 Total Cases ([click here for more information](#))

4,702 Deaths

366,023 patients tested to date by MA State Public Health Laboratory, hospitals and commercial laboratories.

United States **Last Updated 5/07**

Case numbers are updated regularly at noon. Saturday/Sunday reports are preliminary and have not been confirmed with state/territorial health departments.

Total Cases Reported to CDC:

1,219,066 Total Cases

73,297 Deaths

55 Jurisdictions Reporting Cases (50 states, D.C., Puerto Rico, Guam, Northern Marianas, and US V.I.)

Social Distancing Basics:

- ✓ Stay Home
- ✓ Call/Facetime/online chat with friends and loved ones.

If you go out for essential needs:

- ✓ Avoid crowds
- ✓ Stay 6 feet away from others
- ✓ Don't shake hands or hug
- ✓ Wear a face covering or mask if physical distancing is not possible.

State Actions Today

Today, Governor Charlie Baker and Lt. Governor Karyn Polito joined Secretary of Health and Human Services Marylou Sudders and Hilltown Community Health Center CEO Eliza Lake to provide an update on the Commonwealth's response to the COVID-19 pandemic. During his remarks, the Governor provided his daily update on testing, hospitalizations, and PPE distribution. Eliza Lake provided an update on Community Health Centers and how telehealth options can assist in fulfilling an urgent need for mental health patients. ([See video here](#)).

Testing:

- Yesterday (May 7th) 11,993 new tests were reported in Massachusetts. Approximately 350,000 total tests have been completed to date.
 - 14% of yesterday's tests were positive. Apart from May 6th, positive test rates have been under 20% for the past week.

Hospitalizations & Capacity:

- As of May 7th, there were 3,436 patients hospitalized statewide for COVID-19. Overall, the number of hospitalizations has been trending downward for the past week.
- For people who test positive for COVID-19, about 5% become ill enough to be hospitalized.

Personal Protective Equipment:

- As of yesterday, the Commonwealth delivered over 9.2 million pieces of PPE; this includes masks, gloves, gowns, and ventilators distributed to health care workers, first responders and others.
- The Command Center continues to aggressively pursue all supply chain avenues.

New Community Health Center Campaign

In partnership with the Mass League of Community Health Centers, the Baker-Polito Administration today announced an upcoming new COVID-19 public awareness campaign, "[New Tools, New Rules – Same Great Care.](#)"

Community Health Centers throughout the Commonwealth are open and accepting patients, and this campaign encourages residents to continue to seek care for their medical conditions and reminds individuals not to delay treatment as a result of the COVID-19 public health emergency.

In addition to implementing additional, onsite safety protocols, many Community Health Centers have introduced and expanded telehealth care options. Furthermore, MassHealth contracts with three telehealth providers to offer additional support for members with questions about symptoms that might be related to COVID-19.

Featuring diverse patients with common conditions such as asthma, diabetes and pregnancy, these ads will run for free on WCVB in the Greater Boston area and on WWLP-22News and The CW Springfield in Western Massachusetts. Digital video advertisements on Facebook will be in English, Spanish and other languages, and will specifically target regions with the highest populations of families in need of services.

Last week, the Baker-Polito Administration [announced an expansion](#) of its [initiative](#) to boost testing in community health centers across the Commonwealth.

DAILY SITUATION REPORT

Update on Mobile Testing Numbers for Long Term Care, Assisted Living Residences and EOHHS Sites

The Mobile Testing Program can test both symptomatic and asymptomatic residents and staff at nursing homes, rest homes, Assisted Living Residences, and EOHHS group homes and care sites. The program was launched by the Command Center on 3/31 and operates under the auspices of the Massachusetts National Guard, in partnership with the Department of Public Health, Fallon Ambulance, and Broad Institute of Cambridge. See a summary below of testing activity.

Onsite Testing

Date	Number of Tests Completed	Facilities Visited
5/8	1,521	17
Total (as of 5/8)	36,845	622

COVID-19 Cases in Long-Term Care (LTC) Facilities (as of 5/8)	
Residents/Healthcare Workers of LTC Facilities	15,560
LTC Facilities Reporting at Least One Case of COVID-19	333
Deaths Reported in LTC Facilities	2,837

Mobile Testing at EOHHS Group Homes & Care Sites (as of 5/8 by Fallon Ambulance Service)

DDS, DMH, DCF and DPH Facilities	
Clients	8,028
Staff	12,088
Total Tests	20,116
Number of Locations	1,282

Other Important Updates

Updated DPH Guidance

The Department of Public Health has posted revised Occupational Exposure and Return to Work Guidance for Healthcare Personnel, available [here](#).

National Nurses Week (May 6-12)

This week the Department of Public Health posted flyers in all DPH public health hospitals to recognize and thank hard-working nursing staff for their extraordinary efforts.

**National Nurses Week
May 6-12, 2020**

Thank you to all of our DPH nurses for all you are doing — during the COVID-19 pandemic — and all year long.

MASSACHUSETTS DEPARTMENT OF PUBLIC HEALTH

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

Holyoke Soldiers' Home Update

- The Holyoke Soldiers' Home is recognizing Mental Health Awareness Month and is developing remote Grief Support Workshops for families and resources for staff.
- As veteran residents are being cared for, their status and symptoms are being closely monitored and they are being retested as appropriate. As results are returned, residents are being cohorted appropriately.
- The Holyoke Soldiers' Home Clinical Command continues to respond to the COVID-19 outbreak while bringing on additional management staff for nursing, facilities, and administration staff to build capacity for resuming regular operations and moving to the recovery phase, additionally, infection control staff is developing plans for dedicated recovery units.
- As additional staff are returning to work, there is more flexibility and opportunity to support veteran recreation and one-on-one visits with staff. This is in addition to additional physical rehabilitation and ambulation of veterans, and added recreation activities. All such activities will be socially distant, and proper usage of PPE will be enforced.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Holyoke, Soldiers' Home in Chelsea, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.
- Regular family communication continues from Holyoke Soldiers' Home staff through video chat, and the Family Hotline is available for ad hoc updates with support from social work and clinical staff. This week, the Home received a donation of 180 iPads from Brighton Marine to support veteran resident loved one communication and entertainment.
 - Families can call the Family Hotline at 413-552-4764 Monday - Friday 8:00 a.m. - 4:00 p.m. Families can also request updates via email at CommunicationsMailbox-HLY@Mass.gov.
 - Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file. If a family member requests an update and is **not** the health care proxy, the name of the health care proxy will be shared and it will be suggested that the health care proxy should call and request the update.
- **The total numbers at the Holyoke Soldiers' Home as of Friday May 8:**
 - 87 veteran resident deaths (73 positive, 13 negatives, 1 unknown)
 - Today's update includes two deaths: 1 who tested negative and was DNR, DNH; 1 who tested positive who was DNR
 - Testing results of all residents:
 - 78 veteran residents have tested positive
 - 59 veteran residents have tested negative
 - Resident locations:
 - 106 residents are onsite
 - 31 residents are offsite
 - 31 residents are at a dedicated skilled nursing unit at Holyoke Medical Center
 - 0 residents are receiving acute care offsite
 - 83 employees have tested positive

Chelsea Soldiers' Home Update

- The Chelsea Soldiers' Home continues to enforce proper staff usage of Personal Protective Equipment (PPE) and closely track and supplement the supply, and yesterday received a shipment of disposable

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

coveralls yesterday, and today is receiving a shipment of N95s. Earlier this week the Soldiers' Home also received 50,000 surgical masks.

- Veteran residents' health is being monitored and retesting is being conducted for veterans on- and off-site as appropriate. As results are received, veteran residents are being cohorted and further monitored. Additional isolation space has been identified and is being readied if needed.
- The Chelsea Soldiers' Home is reintroducing recreation activities that respect social distancing and support residents' mental and emotional health during this challenging time. This will include socially distanced group activities to cope with the impact of the virus, as well as mindfulness, living well, and coping with other concerns.
- The Chelsea Soldiers' Home has reviewed its infection control and clinical operations with additional experts. Staff have been provided PPE core competency training, the entire facility is rounded on daily for infection control quality assurance checks, all units have been provided with educational materials, and there are daily cleanings throughout the facility in addition to frequent terminal cleaning.
- The Chelsea Soldiers' Home clinical command continues to respond to the COVID-19 pandemic, including regular coordinating calls with the VA Health Care System, monitoring and enforcing staff use of personal protective equipment (PPE), and closely monitoring staff levels, supplementing as necessary with support from contracted staff.
- Veteran residents are communicating with their families and loved ones via video with support from the Chelsea Soldiers' Home Social Work team. Families can request updates on their loved ones by contacting the Home at CSH@mass.gov and through phone and video conversations. Please note the Soldiers' Home can only share medical information about a resident with the authorized health care proxy on file.
- Governor Charlie Baker has advised flags be lowered to half-staff until the end of the public health emergency at the Soldiers' Home in Chelsea, Soldiers' Home in Holyoke, as well as the Massachusetts Veterans Memorial Cemetery in Agawam and Winchendon due to the fact Military Honors are unavailable during this public health crisis.
- **The total numbers at the Chelsea Soldiers' Home as of Friday May 8:**
 - 35 veteran resident deaths (28 tested positive, 7 tested negative)
 - 30 veteran residents who have tested positive
 - 187 veteran residents who have tested negative
 - 57 staff tested positive

COVID-19 Public Health Data

The Department of Public Health has made available the underlying data files the Department uses each day to produce the COVID-19 Dashboard, as part of a continued effort to expand the amount and type of data released to the public. The data files are updated and posted daily (**by 4pm**) with the dashboard report for the public, researchers, and media to download. **City and town case data are published weekly each Wednesday.** ([Find the Data Files Here](#)). Key data reflected in today's report is provided below:

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

Resources

COVID-19 Testing

Looking for a COVID-19 test site? The Department of Public Health (DPH) has posted to their COVID-19 website information on testing and mobile testing site locations ([available here](#)). This information is updated twice weekly.

The Commonwealth's COVID-19 Command Center and MEMA have stood up regional isolation and recovery sites located in hotels across the state ([click here for more information](#)). Currently there are sites in Lexington, Pittsfield, Taunton, Northampton, and Everett. These locations are for individuals who:

- Are homeless (people who normally sleep at a shelter, on the street, for whom home is unsafe due to violence, or who do not have a permanent address) AND
- Who are COVID-19 positive OR have a medical provider's note recommending isolation and can safely isolate without medical supervision.

These sites are for individuals who have mild or moderate symptoms and do not need hospital level of care or nursing facility level of care. Medical treatment is not provided on site. As noted above, individuals must have a positive COVID-19 test or must have been seen by a medical provider and directed to isolate for them to be accepted. These locations cannot support individuals who need assistance with Activities of Daily Living or who need the level of care provided at a Skilled Nursing Facility.

For shelter providers located outside Boston, please call 617-367-5150 between the hours of 7 a.m. and 7 p.m. The intake coordinator will determine eligibility, register an individual for the program, and have the guest placed and transported to the nearest Isolation and Recovery location that has availability.

For shelter providers located in Boston please call 617-534-5050 to access sites in Boston.

Disaster Recovery Information

On March 27, the President [declared](#) a Major Disaster Declaration for the Commonwealth of Massachusetts related to the COVID-19 pandemic response. Through this declaration, federal aid will be made available to cities and towns, state agencies, and certain non-profits in all Massachusetts counties to help pay for emergency protective measures (response costs) related to the COVID-19 pandemic. MEMA's Recovery Unit has developed

COVID-19 RESPONSE COMMAND CENTER DAILY SITUATION REPORT

a [webpage](#) with information and guidance on, but not limited to, disaster declaration, eligibility criteria, and the application process.

COVID-19 Public Resources Map

MEMA, together with MA VOAD and other partners, has developed a [COVID-19 Public Resources Map](#) showing the location of resources available to the public, such as food banks, houses of worship, and Project Bread site locations. Please note that this map is not inclusive of all resources and is only as accurate as the information that has been provided to MEMA.

Massachusetts COVID-19 Response Dashboard

MEMA has developed and maintains a public-facing COVID-19 ArcGIS Online dashboard, available [here](#). This dashboard is continuously updated and captures information about current COVID 19 case counts, cases by age, cases by county, hospital status, hospital bed status, death tolls, and deaths by age. Users should refresh the dashboard on a daily basis as enhancements are continuously being added.

Stay Informed

- Get information from trusted sources. Visit <https://www.mass.gov/covid19> for the latest news, case counts, and lab testing results. Call 2-1-1 with questions. Text the keyword **COVIDMA** to **888-777** to receive notifications to your phone. To receive these notifications in Spanish, text **COVIDMAESP** to **888-777**
- Take care of your emotional health:
- Call 2-1-1 and choose the “CALL2TALK” option.
- Samaritans is continuing operations 24/7, as always. During this unprecedented time, it can feel overwhelming to receive constant messages about COVID-19. Call or text their 24/7 helpline any time at 877-870-4673.
- The Disaster Distress Helpline, 1-800-985-5990, is a 24/7, 365-day-a-year, national hotline dedicated to providing immediate crisis counseling for people who are experiencing emotional distress related to any natural or human-caused disaster, including disease outbreaks like COVID-19. This toll-free, multilingual, and confidential crisis support service is available to all residents in the United States and its territories.

- Donate or sell personal protective equipment: [Please click here.](#)
- Health care facilities can learn more about [requesting personal protective equipment here.](#)
- Apply for Jobs at COVID-19 Temporary Care Sites ([Details Here](#)).

Give Blood:

The COVID-19 virus has caused the cancellation of blood drives across the Commonwealth. There is an urgent need **now**. The Governor has deemed “Blood and plasma donors and the employees of the organizations that operate and manage related activities” as an essential service. Your support is needed to communicate to your residents that the need is urgent, and donating is a necessity to supply the hospitals with the blood our neighbors require. Donating blood is safe and people should not hesitate to give. In addition, there is a need for community blood drive sites in the eastern part of the state. Identifying donation sites is vital to meet the demand as we go forward. Your local knowledge, suggestions of sites, and potential partners are crucial to meeting the needs of our neighbors who need blood and blood products. To schedule a new blood drive contact Bill Forsyth at (617) 699-3808 or at email William.Forsyth@redcross.org.

Those who are healthy, feeling well and eligible to give blood or platelets, are urged to make an appointment to donate as soon as possible by using the Red Cross Blood Donor App, visiting [RedCrossBlood.org](https://www.redcrossblood.org) or calling 1-800-RED CROSS (1-800-733-2767).

Requests for Red Cross Emergency Response

American Red Cross

The American Red Cross (ARC) of Massachusetts is committed to fulfilling our Mission of providing emergency relief to our neighbors following a home fire or other disaster. We have implemented temporary changes to our response protocols. ARC we will be responding to your requests for service with a virtual response and ask your assistance in sharing this information with your Incident Commanders and Dispatch Center personnel.

Notification: Continue to request a response by contacting our long-standing emergency line **800-564-1234**.

When calling: Please have contact information for the head of household for each displaced family unit.

A point of contact from the Fire Department or Emergency Management on-scene that we can coordinate with if needed. Quick assessment as to extent of damage.

What we will do:

COVID-19 RESPONSE COMMAND CENTER
DAILY SITUATION REPORT

- Contact each head of household by phone or video chat. Open a virtual case for each affected family.
- Arrange for lodging if needed.
- Deliver a Client Assistance Card (financial assistance) to hotel, family member's home, etc.
- Provide Recovery guidance and assistance in the days following the incident.

If a virtual response is not possible, we will send a minimal number of Red Cross volunteers to the scene to orchestrate the virtual intake process. We value our partnership with your department and encourage you to contact us with any questions.
