Subject: Electronic Balloting

René:

Article 32 - ELECTRONIC BALLOTING

To see if the Town will support the continued use of electronic balloting technology in subsequent Annual and Special Town Meetings.

(Electronic Balloting Committee)

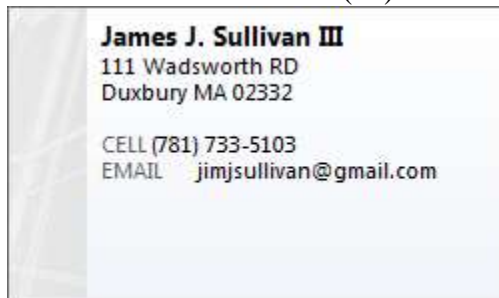

Explanation: The purpose of this article is to determine whether the voters support the use of Electronic Balloting as an alternative method of recording Town Meeting votes.

MOTION: PASSED. (*Amended motion)

I move that the Town authorize the Electronic Balloting Committee to pursue, at no cost, the use of Electronic Balloting for the March 2015 Town Meetings. **My scribbled notes indicate that there was an amended motion the gist of which was that the Electronic Balloting Committee pursue it with the same procedure as this year (i.e., it will be used but not count) and the Electronic Balloting Comm. provide a detailed recommendation as to how Electronic Balloting be used in the future. The AMENDED motion was defeated.*

FYI...I believe they presented a report at ATM which included some discussion about cost of purchasing vs leasing but I do not seem to have a final version of it. Maybe the Town Clerk does.

The Chair is Jim Sullivan (III):

Best regards,

Anne
