Where you get care can impact what you pay for care.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing.

As a member in this plan, you will pay different levels of cost share (such as copayments and/or coinsurance) for certain services depending on the network general hospital you choose to furnish those covered services. For most network general hospitals, you will pay the lowest cost sharing level. However, if you receive certain covered services from any of the network general hospitals listed in this Summary of Benefits, you pay the highest cost sharing level. A network general hospital's cost sharing level may change from time to time. Overall changes to add another network general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a network general hospital (not listed in this Summary of Benefits) for which you pay the lowest cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

YOUR CARE

Your Primary Care Provider (PCP)

When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org; consult Find a Doctor at bluecrossma.com/findadoctor; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals

Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Cost Share

This plan has two levels of hospital benefits. You will pay a higher cost share when you receive inpatient services at or by "higher cost share hospitals," even if your PCP refers you. See the chart for your cost share.

Higher Cost Share Hospitals

Your cost share will be higher at the hospitals listed below. Blue Cross Blue Shield of Massachusetts will let you know if this list changes.

- Baystate Medical Center
- Boston Children's Hospital
- Brigham and Women's Hospital
- Cape Cod Hospital
- Dana-Farber Cancer Institute
- Fairview Hospital
- Massachusetts General Hospital
- UMass Memorial Medical Center

All other network hospitals will carry the lower cost share, including network hospitals outside of Massachusetts.

Note: Some of the general hospitals listed above may have facilities in more than one location. At certain locations, the lowest cost sharing level may apply.

Your Deductible

Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **\$500** per member (or **\$1,000** per family).

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical and prescription drug benefits is **\$5,000** per member (or **\$10,000** per family).

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your deductible, you pay a copayment per visit for emergency room services. This copayment is waived if you're admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team

Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Service Area

The plan's service area includes all cities and towns in the Commonwealth of Massachusetts, State of Rhode Island, State of Vermont, State of Connecticut, State of New Hampshire, and State of Maine.

When Outside the Service Area

If you're traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your benefit description for more information.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

| Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall <u>deductible</u>? | \$500 member / \$1,000 family. | Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . |
| Are there services covered before you meet your <u>deductible</u>? | Yes. <u>Preventive care</u> , prenatal care, <u>prescription drugs</u> , most office visits, mental health visits, and therapy visits. | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other <u>deductibles</u> for specific services? | No. | You don't have to meet <u>deductibles</u> for specific services. |
| What is the <u>out-of-pocket limit</u> for this <u>plan</u>? | \$5,000 member / \$10,000 family. | The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. |
| What is not included in the <u>out-of-pocket limit</u>? | <u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover. | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> . |
| Will you pay less if you use a <u>network provider</u>? | Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of <u>network providers</u> . | This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |
| Do you need a <u>referral</u> to see a <u>specialist</u>? | Yes. | This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a <u>referral</u> before you see the <u>specialist</u> . |

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing. As a member in this plan, you will pay different levels of cost share (such as copayments and coinsurance) for certain services depending on the network general hospital you choose to furnish those covered services. For most network general hospitals, you will pay the lowest cost sharing level. However, if you receive certain covered services from some network general hospitals, you pay the highest cost sharing level. A network general hospital's cost sharing level may change from time to time. Overall changes to add another network general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a network general hospital for which you pay the lowest cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

Where you get care can impact what you pay for care.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing.

As a member in this plan, you will pay different levels of in-network cost share (such as copayments and/or coinsurance) for certain services depending on the preferred general hospital you choose to furnish those covered services. For most preferred general hospitals, you will pay the lowest in-network cost sharing level. However, if you receive certain covered services from any of the preferred general hospitals listed in this Summary of Benefits, you pay the highest in-network cost sharing level. A preferred general hospital's cost sharing level may change from time to time. Overall changes to add another preferred general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a preferred general hospital (not listed in this Summary of Benefits for which you pay the lowest in-network cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

YOUR CHOICE

Your Deductible

Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **\$500** per member (or **\$1,000** per family) for in-network and out-of-network services combined.

When You Choose Preferred Providers

You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your “in-network” benefits. See the charts for your cost share.

The plan has two levels of hospital benefits for preferred providers. You will pay a higher cost share when you receive inpatient services at or by “higher cost share hospitals,” even if your preferred provider refers you. See the chart for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you are referred to is not a preferred provider, you're still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

Higher Cost Share Hospitals

Your cost share will be higher at the hospitals listed below. Blue Cross Blue Shield of Massachusetts will let you know if this list changes.

- Baystate Medical Center
- Boston Children's Hospital
- Brigham and Women's Hospital
- Cape Cod Hospital
- Dana-Farber Cancer Institute
- Fairview Hospital
- Massachusetts General Hospital
- UMass Memorial Medical Center

Note: Some of the general hospitals listed above may have facilities in more than one location. At certain locations, the lowest cost share may apply.

How to Find a Preferred Provider

To find a preferred provider:

- Look up a provider on Find a Doctor at bluecrossma.com/findadoctor. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.
- Visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org

When You Choose Non-Preferred Providers

You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your “out-of-network” benefits. See the charts for your cost share.

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider's actual billed charge (this is in addition to your deductible and/or your coinsurance).

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximums for medical and prescription drug benefits are **\$5,000** per member (or **\$10,000** per family) for in-network services and **\$3,000** per member for out-of-network services.

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your deductible, you pay a copayment per visit for in-network or out-of-network emergency room services. The copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.org, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team

Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Utilization Review Requirements

Certain services require **pre-approval/prior authorization** through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, procedures, and drugs. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don't get pre-approval when it's required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their dependent's financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

| Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall <u>deductible</u>? | \$500 member / \$1,000 family. | Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . |
| Are there services covered before you meet your <u>deductible</u>? | Yes. In-network preventive and prenatal care, most office visits, mental health visits, therapy visits, prescription drugs. | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |

If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met. |
| What is not included in the <u>out-of-pocket limit</u>? | <u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover. | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> . |
| Will you pay less if you use a <u>network provider</u>? | Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of <u>network providers</u> . | This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. |
| Do you need a <u>referral</u> to see a <u>specialist</u>? | No. | You can see the <u>specialist</u> you choose without a <u>referral</u> . |

This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

This health plan option includes a tiered network feature called Hospital Choice Cost Sharing. As a member in this plan, you will pay different levels of in-network cost share (such as copayments and coinsurance) for certain services depending on the preferred general hospital you choose to furnish those covered services. For most preferred general hospitals, you will pay the lowest in-network cost sharing level. However, if you receive certain covered services from some preferred general hospitals, you pay the highest in-network cost sharing level. A preferred general hospital's cost sharing level may change from time to time. Overall changes to add another preferred general hospital to the highest cost sharing level will happen no more than once each calendar year. For help in finding a preferred general hospital for which you pay the lowest in-network cost sharing level, check the most current provider directory for your health plan option or visit the online provider search tool at bluecrossma.org/hospitalchoice. Then click on the Planning Guide link on the left navigation to download a printable network hospital list or to access the provider search page.

If you haven't gotten your flu shot yet, now's the time. It will help protect you and everyone around you from getting sick, especially young children and older adults who are most at risk. 1. Flu vaccines recommended by the CDC are covered in full when administered by an in-network provider. Exceptions may apply. Check plan materials for details.

2. CDC, "Influenza (Flu) Vaccine Safety," August 25, 2022; [cdc.gov/flu/prevent/vaccinesafety.htm](https://www.cdc.gov/flu/prevent/vaccinesafety.htm).

YOUR BEST SHOT AT AVOIDING THE FLU

To prevent getting sick, make the following steps part of your routine:

Get your
flu shot

Avoid close contact
with people who
are sick

Wash your hands
frequently

Avoid touching
your eyes, nose,
and mouth

Get plenty of rest,
exercise, fluids, and
good nutrition

TIPS FOR GETTING YOUR SHOT

- Make an appointment ahead of time, if possible, to avoid a wait.
- If the location doesn't take appointments, call and ask when slower times of the day/week are — try to go then.
- Pharmacies inside big-box retail chains and grocery stores, or local independent pharmacies, may be less busy than standalone pharmacies.

LEARN MORE

Just about everyone six months and older should get the flu shot. If you aren't feeling well or have a health condition, talk to your PCP before getting vaccinated. Learn more about the flu and the flu shot at bluecrossma.org/flu.

OUR COMMITMENT TO CONFIDENTIALITY (NOTICE OF PRIVACY PRACTICES) AND WOMEN'S HEALTH AND CANCER RIGHTS ACT (WHCRA) NOTICE

This notice describes how medical and dental information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Our Commitment: We respect your right to privacy. We will not disclose personally identifiable information about you without your permission, unless the disclosure is necessary to provide our services to you or is otherwise in accordance with the law.

Collection of Information

We collect only the information about you that we need to operate our business. We collect information from other parties, such as your health care providers and employers. Examples of the information we collect are (i) medical and dental information from health care providers when they submit claims for services and (ii) personal information such as name, address, and date of birth, which is most often supplied by you or your employer when you enroll in a plan.

USE AND DISCLOSURE OF INFORMATION

We are required by law to protect the confidentiality of information about you and to notify you in case of a breach affecting your information. We may use and disclose information about you without your written authorization for the following purposes, to the extent otherwise permitted or required by law:

You or Your Representatives—to you or your “personal representative” upon request or to help you (or your personal representative) understand treatment options, benefits, or the rights available to you. Your “personal representative” is a person who has legal authority to make health-related decisions on your behalf, such as a person with a health-care power of attorney. Your request must be in writing. Please complete the Documentation of Legal Representative Status for Members form available on our website. You also may designate a family member or friend to receive information and interact with us on your behalf. Your designation and any subsequent revocation must be in writing. Please complete the Member’s Designation of an Authorized Representative form available on our website. You may also call Member Service for a copy of these forms.

- **Treatment**—to help health care providers manage or coordinate your health care and related services. For example, we may use and disclose information about you to inform providers of medications you take or to remind you of appointments.
- **Payment**—to obtain payment for your coverage, pay claims for your health benefits, or help another health plan or health care provider in its payment activities. For example, we may use or disclose information about you to make coverage determinations, administer claims, or coordinate benefits with other coverage you may have.
- **Health Care Operations**—to perform other activities necessary for the operation of our business, including customer service, disease management, and determining how to improve the quality of care. For example, we may use or disclose information about you to respond to your call to customer service, arrange for medical review of your claims, or conduct quality assessment and improvement activities.

- **Legal Compliance**—to comply with applicable law. For example, we may be required to use or disclose information about you to respond to regulatory authorities responsible for oversight of government benefit programs or our business operations; to parties or courts in the course of judicial or administrative proceedings; or pursuant to workers' compensation laws.
- **Government Agencies**—under limited circumstances established by law, to public health authorities, coroners or medical examiners, law enforcement, or other government officials
- **Research**—for health-related research studies that meet legal standards for protection of the individuals involved in the studies and their personal information. We may also create a database of our members' information that does not include individual identifiers and use the database for research or other purposes, provided that the information cannot be traced back to specific members.
- **To Your Employer** (or other plan sponsor), if applicable, for administration of its health plan. This applies only if you receive coverage through an employer-sponsored plan (or plan sponsored by your union or other entity). For example, we may disclose information about you to your employer (or other plan sponsor) to confirm

enrollment in the plan or (if the employer or other plan sponsor is self-insured) for claim review and audits. We will disclose your information only to designated individuals. That, along with legal prohibitions on use of your personal information for discriminatory purposes, helps protect your information from unauthorized use.

To carry out these purposes, we share information with entities that perform functions for us subject to contracts that limit use and disclosure for intended purposes. We use physical, electronic, and procedural safeguards to protect your privacy. Even when allowed, we limit uses and disclosures of your information to the minimum amount reasonably necessary for the intended task.

The Health Insurance Portability and Accountability Act (HIPAA) generally does not override other laws that give people greater privacy protections. As a result, we must comply with any state or federal privacy laws that require us to provide you with more privacy protections. For example, federal law provides special protections for substance use disorder information; Massachusetts state law restricts the disclosure of HIV and AIDS related information. In addition, we will not use (and are prohibited from using) your genetic information for underwriting purposes.

OTHER DISCLOSURES REQUIRE YOUR WRITTEN AUTHORIZATION

Except as provided in this notice, we will not use or disclose information about you without your written authorization. For example, we must have your written authorization to use or disclose your information for marketing purposes or (in most cases) to use or disclose psychotherapy notes. Although we would need written authorization to sell information about you, we do not sell members' information.

You may revoke your authorization at any time. Your authorization must be in writing. Your revocation will not affect any action that we have already taken in reliance on your authorization. If you would like us to disclose information about you to a third party, please complete the Permission for One-Time Disclosure of Information form available on our website or call Member Service for a copy of the form.

YOUR PRIVACY RIGHTS

You have the following rights with respect to information about you. You may exercise any of these rights by calling the Member Service number listed on your member ID card or contacting us at the address listed at the end of this notice. The forms listed below are also available on our website.

- **You have the right to receive information about privacy protections.** Your member-education materials include a notice of your rights, and you may request a paper copy of this notice at any time.
- **You have the right to inspect and get copies of information that we use to make decisions about you.** This is your designated record set. Your request must be in writing. We may charge a reasonable fee for copying and mailing you this information. Please complete the Request for Access to Copies of Protected Health Information in Designated Record Set form to request copies of your information.
- **You have the right to receive an accounting of certain disclosures that we make of information about you.** Your request must be in writing. Please complete the Members Request for an Accounting of Disclosures form. Our response will exclude any disclosures made in support of treatment, payment, and health care operations or that you authorized (among others). An example of a disclosure that would be reported to you is our disclosure of your information in response to a court order.
- **You have the right to ask us to correct or amend information you believe to be incorrect.** Your request to correct or amend information must be in writing. Please complete the Members Request to Amend Protected Health Information form. If we deny your request, you may ask us to make your request part of your records.

- **You have the right to ask that we restrict or refuse the disclosure of information about you and that we direct communications to you by alternative means or to alternative locations.** While we may not always be able to agree to your request, we will make reasonable efforts to accommodate requests. Unless you've notified us to request a different mailing address, Summary of Health Plan Payments statements for the subscriber, and all members listed on the subscriber's plan, are generally delivered to the subscriber's address. Under certain circumstances, you can request to not receive statements for a particular service, or to have statements delivered through an alternate method or to an alternate address, when required by state law. If you have concerns about protecting the privacy of your medical information in your

statements, you can have these statements delivered to an address other than the plan subscriber's address, or have them delivered only via electronic means. For help understanding your delivery options, please call Member Service at the number listed on your member ID card. Your request and any subsequent revocation must be in writing.

If you believe your privacy rights have been violated, you have the right to complain to us using the grievance process outlined in your benefit materials, or to the Secretary of the U.S. Department of Health and Human Services, without fear of retaliation.

With virtual visits, there's no need to travel to the doctor's office and no waiting room.

COMPREHENSIVE

Your team is here to make sure your physical and mental health needs are met.

HERE'S HOW IT WORKS

START BY PICKING
YOUR VIRTUAL PCP

ENJOY MORE
CONVENIENT CARE

GET THE BEST
OF BOTH WORLDS

To get started with your Virtual Care Team, the first step is selecting a virtual PCP. You'll also get access to a care coordinator, and your team may include other experts, such as a mental health specialist, picked based on your health needs. It's the care you need most, in the most convenient way.

Scheduling visits is as easy as hopping online, with appointments available in days, and you can get them within days, not weeks. Plus, you can reach out to your team with questions via talk, text, email, and chat. It's care that works on your terms, on your schedule, wherever you are, with a level of communication, technology, and access that will surprise you.

After your first visit, you'll receive a welcome kit which may include connected medical devices, like a blood pressure monitor, that make your virtual care as thorough as in-person sessions. When you do need in-person care, your team will help find a specialist who works for you and follow up with you after the appointment.
