## I. INTRODUCTION

GovHR USA, LLC (GovHR) is pleased to have had the opportunity to work with the Town of Duxbury on this Classification and Compensation Study. Human resource management is a significant concern as governmental services continue to increase in cost and complexity, and the resources to fund local governments are constrained. Day-to-day operations present challenging administrative problems in planning, organizing, and directing human resource functions in order to achieve maximum efficiency and effectiveness in the delivery of municipal services. A properly developed and administered Classification and Compensation Plan forms the foundation for meeting these challenges. It helps to ensure that the Town can not only recruit the best and brightest employees but can also retain those employees, even in a competitive marketplace. By retaining qualified, experienced employees the Town avoids the costs of re-recruitments and lost productivity, while maximizing the benefits of the investments it has made in employees and the institutional and community knowledge acquired by those employees over their tenures.

GovHR understands the high expectations that have been established in Duxbury for service delivery and competitiveness in recruiting and retaining excellent employees. These factors have been taken into consideration in the analysis and reflected in the Study results.

## Scope of Work

The scope of work called for GovHR to carry out the following:

## I. Job Evaluation Analysis and Job Classification System

Below is a list of tasks included in this component of the Study (listed in the order that the work was performed):

- Study preparation and project meetings. Met with Town Administration to discuss Study methods and expectations, and to review the current Classification and Compensation Plan and organizational structure. Determined problem areas, answered questions, and reviewed the scope and schedule of work.
- Material distribution. Prepared a memorandum of explanation, which was distributed to employees. Held meetings with employees to discuss the Job Analysis Questionnaire (JAQ) and to explain the scope and purpose of the Study. Employees were allowed about ten (10) days to complete the questionnaire. The completed questionnaires were then reviewed by each employee's Supervisor and/or Department Head and Town Administration. The JAQs were returned to GovHR within approximately four (4) weeks of distribution.
- Determined comparable communities and collected compensation data. GovHR, along with the Town, determined a logical survey sample of "like" communities that impact the compensation market of Duxbury. Then, GovHR designed and sent out the survey for the benchmark positions and benefits covered in the Study.
- Job Evaluation Analysis and Establishment of a Classification Plan. Upon return of the JAQs by the Town, GovHR performed the following:
- Read each JAQ and corresponding Job Description in its entirety.
- Conducted in person interviews with at least one (1) employee in each position covered by the Study to further understand the scope of duties and responsibilities of the position.
- Applied a measurement system of Job Evaluation Factors to all positions, which formed the basis for internal rankings (equity) of positions.
- Upon completion of the Job Evaluation measurements, a new Classification Plan was developed.

## II. Salary and Benefit Survey

The following tasks were included in this component of the Study:

- Tabulated, summarized, and analyzed comparative compensation information obtained from the comparable communities. Prepared pay tabulations that compared the salary ranges of the Town of Duxbury to the salary ranges of its comparable communities. Prepared comparison calculations at the $50^{\text {th }}, 60^{\text {th }}, 65^{\text {th }}, 75^{\text {th }}$ and $80^{\text {th }}$ percentiles. Displayed data for each jurisdiction and for each position and summarized the data in table form. Based on discussions with the Town and the gathered data, developed salary ranges that would establish Duxbury as a payer at the $60^{\text {th }}$ percentile of the salary data from the comparable communities.
- Based on the above data, developed and recommended new salary schedules and recommended new Job Titles for some positions.
- Analyzed and summarized the benefit information.

## III. Draft and Final Report Preparation

- A preliminary analysis of the data and recommended Classification and Compensation Plan was shared with the Town. Feedback from Town Administration was reviewed and incorporated into the recommendations.
- A draft report was prepared by the Consultant and sent electronically to the Town.
- Presentations of the draft findings were conducted for the Town Leaders and employees.
- Once the presentations were made and review comments were returned by the Town this final report was prepared and transmitted electronically.

## II. EXECUTIVE SUMMARY

A Classification and Compensation Study encompasses a significant amount of information that can be time consuming to condense and organize into an abbreviated format. Therefore, GovHR has compiled this Executive Summary in order to provide a quick synopsis regarding the major components, findings and recommendations of this Study. The purpose of a well-designed Classification and Compensation Study is twofold. First, it establishes internal equity (ranking) among employees across Departments in the Town. Second, it assures external equity/competitiveness by comparing the compensation of Duxbury employees against market data.

## Internal Equity - Classification Plan Development

The Study developed a new Classification Plan for one hundred twenty-four (124) positions in the Town of Duxbury. To complete this task, the Consultant completed a Job Evaluation. The Job Evaluation included the completion of a questionnaire by all employees covered in the Study and interviews with at least one (1) employee working in each position covered by the Study (see Appendix A). Upon the completion of those tasks, the Consultants assigned a numerical value to each position so that like positions within the organization would be grouped together in a classification to produce an internal equity hierarchy. Nine (9) factors were used for the evaluation of Duxbury's positions:

1) Preparation and Training
2) Experience Required
3) Decision Making and Independent Judgment
4) Responsibility for Policy Development
5) Planning of Work
6) Contact with Others
7) Work of Others (Supervision Exercised)
8) Working Conditions
9) Use of Technology/Specialized Equipment

The product of this internal ranking is shown in Table 1, which lists the Town's positions with their numerical Job Evaluation score, also known as a Classification Plan. The higher the Job Evaluation Score, the higher the position is within the Classification Plan.

## Job Title Changes

After conducting the Job Evaluation noted above, the Consultants observed some inconsistencies with the market and the actual duties assigned to some positions. Therefore, the following Job Title changes have been recommended based on clarification of duties and market trends.

Current Title<br>Administrative Assistant to Fire or Police Chief<br>Administrative Assistant - Payroll<br>Administrative Assistant - all others - Grade 3<br>Building \& Grounds Manager<br>Foreman Pump Operator<br>Foreman - Transfer Station<br>Human Resources Manager<br>Leadman<br>Library Division Head<br>Special Operator - Crematory<br>Superintendent - Cemetery/Crematory<br>Supervising Foreman - DPW Division<br>Supervising Foreman - Water Distribution<br>Supervising Foreman - Water Treatment

## Proposed New Title

Executive Assistant to Chief
Payroll Specialist
Principal Assistant
Land \& Natural Resources Manager
Water/Wastewater Operator
Foreperson or Lead Operator
Talent Acquisition Manager
Lead, Leadperson or Lead Operator
[Division Name] Manager
Operator - Crematory
Cemetery Manager
Supervising Foreperson or Operator I
Chief Water Distribution Operator
Chief Water Treatment Operator

## External Equity - Market Competitiveness

The next component of the Classification and Compensation Study involved establishing external competitiveness. A group of communities comparable to the Town was established. The Consultants started with Massachusetts communities in Barnstable, Bristol, Dukes, Essex, Middlesex, Nantucket, Norfolk, Plymouth and Suffolk Counties and with populations between approximately 8,000 and 32,000. After that, a specific set of comparison criteria (e.g., total assessed value, total budget, income per capita, etc.) was applied to each community (see Appendix B). Based on the results of this analysis, sixteen (16) communities with a total compatibility score of seventy (70) or greater and within 30 miles of Duxbury were deemed to be most comparable to the Town. The full list of the sixteen (16) chosen comparables is listed below.

| Abington | Hingham | Pembroke |
| :--- | :--- | :--- |
| Bourne | Hull | Sandwich |
| Bridgewater | Kingston | Scituate |
| Cohasset | Marshfield | Stoughton |
| Hanover | Milton | Wareham |
| Hingham | Norwell |  |

## Salary Data

GovHR then prepared and distributed a salary survey to the sixteen (16) comparable communities. Eight communities responded by either completing the survey or supplying GovHR with a copy of their most recent Compensation Plan. Compensation Plans for two additional comparables were obtained from the Town websites. The salary summary results can be found in Table 2 and the detailed salary data can be found in Appendix C. To provide external competitiveness for the Town's salaries, the salary ranges derived from this data collection were used to help establish the proposed Compensation Plan. In some cases where there was not enough salary range data, actual salaries were used. The recommended pay ranges are contained within Table 3 of the report.

## Proposed Classification and Compensation Plan

The goal of this Study was to recommend a Classification and Compensation Plan that is internally equitable and externally competitive. To accomplish this, a Compensation Plan was developed using the $60^{\text {th }}$ percentile comparison of the salary ranges that were acquired through the salary survey. The resulting Classification and Compensation Plan consists of fifteen (15) pay grades; one (1) being lowest and fifteen (15) being highest and is broken down into the following three (3) bands:

Grades 1-4: Administrative and Technical Staff
Grades 5-11: Supervisors and Advanced Technical Staff
Grades 12 - 15: Directors and Senior Manager
All proposed pay ranges are open ranges. There is an 7.5\% gradation between Grades 1 - 4, a $5 \%$ gradation between Grades $5-11$ and a $12.5 \%$ gradation between grades $12-15$. Grades $1-11$ have a 30\% range spread from minimum to maximum and Grades 12 - 15 have a $40 \%$ range spread from minimum to maximum.

## Future Administration of the Classification and Compensation Plan

Within the body of this report, GovHR has outlined how the Town can maintain the Classification and Compensation Plan. GovHR will supply the Town with a User's Manual and all associated documents to maintain the Classification and Compensation Plan and the steps to ensure the Town remains competitive with the market in the years to come.

## III. JOB EVALUATION

GovHR's approach to Job Evaluation involves a quantitative point and factor comparison method, which cross-compares all positions in the organization against numerous factors such as educational requirements, experience, work conditions, etc. Therefore, all jobs in each organizational unit (e.g., Finance, Library, Police, etc.) may be compared against each other, based upon the same factors.

In conducting the Job Evaluation exercise, it must be emphasized that the position, and not the incumbent's qualifications, performance, or years of service in the position, is evaluated. An incumbent employee may feel he/she should be placed in a higher level (i.e., receive more points) because the individual performs well, has a long tenure with the organization, and/or has additional education or skills not required to perform that job, or may feel he/she does more tasks than a similar employee in another Department, but these are not valid determinants for a position.

Before reviewing the results of the evaluation of the positions, it is important to note that the purpose of a Job Evaluation is to identify whether a job is more or less advanced than, or equal to, other jobs in the organization, based on nine (9) objective factors. While these factor definitions are guidelines, they are constructed to allow limited flexibility of interpretation while at the same time providing a strict framework and structure for comparison. The nine (9) factors used for the evaluation of Duxbury's positions are as follows:

1) Preparation and Training
2) Experience Required
3) Decision Making and Independent Judgment
4) Responsibility for Policy Development
5) Planning of Work
6) Contact with Others
7) Work of Others (Supervision Exercised)
8) Working Conditions
9) Use of Technology/Specialized Equipment

As part of the Job Evaluation process, the duties, responsibilities, and qualification requirements for each position were reviewed via a thorough reading of the incumbent's current job description and a Job Analysis Questionnaire (JAQ) completed by each employee (Appendix A). In addition, GovHR conducted interviews with at least one (1) employee in each of the positions covered by the Study. Points were then assigned to each factor by selecting the description that best fit the appropriate level of compliance. In other words, a position that requires a Master's Degree would receive more points under the "Preparation and Training" factor than positions that did not require this advanced degree. Points for each factor were then totaled for each position. Using this method, the positions were found to fall into distinguishable Job Factor Analysis (JFA) scores. Table 1 contains the Classification Plan, including the Position Title, the Proposed New Title (if applicable), the JFA Score, Skill Level and proposed Grade for the evaluated positions.

As part of the service provided in the Compensation Study, GovHR makes Job Title change recommendations to either reflect a better description of the job being performed or to be consistent with trends in the organization or the marketplace. Based on this, GovHR recommends the following Job Title changes:
Current Title
Administrative Assistant to Fire or Police Chief
Administrative Assistant - Payroll
Administrative Assistant - all others - Grade 3
Building \& Grounds Manager
Foreman Pump Operator
Foreman - Transfer Station
Human Resources Manager
Leadman
Library Division Head
Special Operator - Crematory
Superintendent - Cemetery/Crematory
Supervising Foreman - DPW Division
Supervising Foreman - Water Distribution
Supervising Foreman - Water Treatment

## Proposed New Title

Executive Assistant to Chief
Payroll Specialist
Principal Assistant
Land \& Natural Resources Manager
Water/Wastewater Operator
Foreperson or Lead Operator
Talent Acquisition Manager
Lead, Leadperson or Lead Operator
[Division Name] Manager
Operator - Crematory
Cemetery Manager
Supervising Foreperson or Operator I
Chief Water Distribution Operator
Chief Water Treatment Operator

## Determination of Fair Labor Standards Act Designation

The Fair Labor Standards Act (FLSA) imposes certain minimum wage and overtime pay requirements on employers for jobs that are covered under the Act. Most jobs, including the majority of public-sector jobs, are covered under the Act and entitled to overtime pay. But certain positions, mostly office jobs, are "exempt" from coverage under the Act and therefore not entitled to overtime pay.

Employers often misclassify employees as exempt (and therefore not entitled to overtime pay) because of a misunderstanding of the law or unfamiliarity with the rules. An incorrect determination regarding whether certain positions within an organization are entitled to overtime pay can subject an employer to back pay, penalties and expensive fines if the employees file a complaint with the Department of Labor and if the Department decides to file a lawsuit against the employer. Thus, it is very important to make the proper determination regarding the status of each job within the organization, and whether that job is entitled to the rights and protections afforded to workers under the FLSA.

Before any determination can be made, it is important to become familiar with the many rules, regulations and exceptions contained in the Fair Labor Standards Act. These rules can be complex, and the determination regarding whether a particular position is covered by the Act is not always clear-cut. GovHR began its analysis by having employees complete a questionnaire that has been specifically designed to elicit responses from the employees regarding the types of duties they are required to perform on a regular basis (see Appendix A). The answers provided were generally sufficient for GovHR to determine if the position was or was not exempt under the Act. GovHR also gathered additional information during the employee interviews, including concrete examples of the types of policies the employees had been involved in formulating, or whether the employees had significant input or sole discretion on things such as hiring, firing and discipline of other employees in their departments.

It is important to note that the FLSA provides certain minimum standards that the employer must provide, and that cannot be waived or reduced by the nonexempt employee either individually or through a collective bargaining agreement. The employer can, of course, choose to also apply minimum wage and overtime pay requirements to otherwise exempt employees, or to exceed the minimum requirements for some or all of its employees by agreement. GovHR has reviewed the current FLSA status of the positions covered by the Study and has communicated its findings to the Town.

## IV. THE CLASSIFICATION PLAN

A Classification Plan provides for a systematic arrangement of positions into classifications. A position, often referred to as a job (e.g., Administrative Assistant), contains a specific set of duties and responsibilities and that is the objective of the classification process - not the person currently holding that job. A classification is a grouping of positions which have similar levels of knowledge, skills and abilities needed to perform the job. The positions are also similar in nature of work, level of work difficulty and responsibilities. Positions allocated to the same classification are sufficiently similar with respect to the types of factors enumerated above to permit them to be compensated at the same general level of pay. The positions do not have to be identical, they can be in different departments, dealing with different subject matters and performing different duties.

It is this arrangement of positions and resulting classification structure that forms the basis for the Classification Plan. As noted in the previous section, a Job Evaluation and Classification Plan is not intended to assess individual performance. To that end, a position that belongs in a certain classification is not entitled to be placed in a higher classification simply because the individual performs with a high degree of success and efficiency, nor is it placed in a lower classification simply because the incumbent performs with low competence or productivity. Variations in individual performance are not recognized by differences in classifications, instead they are management issues. Similarly, there is a tendency in some work forces to use the Classification Plan to reward longevity, even though the duties and responsibilities of individual positions may not have changed over time. Longevity is not a classification factor and the Classification Plan should not be used in this manner.

As an assessment of duties performed and of responsibilities exercised, a Classification Plan is an exceedingly useful managerial tool. It provides the fundamental rationale for the Compensation Plan and helps management identify positions which have taken on (or in some cases reduced) duties and responsibilities. Through proper maintenance of the Classification Plan, employees are assured of management's continuing concern about the nature of work that they carry out and its reward in the form of appropriate pay levels and relationships. The Classification Plan also provides the basis for recruitment, screening, and selection of employees in direct relationship to job content. Promotional ladders as well
as opportunities for lateral career development are also evidenced by the logical grouping of allied occupational classifications and hierarchies.

## V. SALARY AND BENEFIT DATA

The Town of Duxbury initiated this Study with the objective of assuring that its Compensation Plan is both internally equitable and externally competitive. The Job Evaluation System (outlined in Section III) is performed to address the issue of internal equity. To achieve external competitiveness, a market survey of comparable jurisdictions was conducted. The following explains the labor market review and collection of salary data.

## Selection of Comparable Jurisdictions for Data Purposes

Selecting jurisdictions for the comparison group is an important element in a Classification and Compensation Study. When selecting jurisdictions to serve as comparables, it is important to use particular criteria to evaluate the other jurisdictions to assure that those chosen as comparables will be the most similar to Duxbury.

To determine which municipalities should be used for survey purposes, GovHR first considered Massachusetts communities in Barnstable, Bristol, Dukes, Essex, Middlesex, Nantucket, Norfolk, Plymouth and Suffolk Counties and with populations between approximately 8,000 and 32,000 . Then, the following comparison criteria were applied to each community.

| Criterion | Total Possible Points |  | Factor Weight |
| :--- | :---: | :---: | :---: |
|  | 1. Population | 15 | $15 \%$ |
| 2. Income Per Capita | 15 | $15 \%$ |  |
| 3. Equalized Value Per Capita | 15 | $15 \%$ |  |
| 4. Total Assessed Value | 15 | $15 \%$ |  |
| 5. Tax Levy | 15 | $15 \%$ |  |
| 6. State Aid | 5 | $5 \%$ |  |
| 7. Total Budget | 15 | $15 \%$ |  |
| 8. Proximity | 5 | $5 \%$ |  |
|  | 100 | $100 \%$ |  |

The eight (8) categories listed above were selected to mirror important criteria that reflected the following:

1) Similar Financial Conditions: $80 \%$ of the criteria involved financial benchmarks.
2) Population: $15 \%$ of the criteria involved a population comparison.
3) Proximity: 5\% of the criteria involved the proximity of the communities to Duxbury.

Within each of the eight (8) categories, ranges of compatibility were established. For example, the closer a community was to matching Duxbury's estimated population, the closer the community would be to receiving the maximum of fifteen (15) points. A community whose population was significantly larger or smaller than Duxbury's population would receive fewer or even zero (0) points. Thus, a municipality achieving a total of one hundred (100) points would be considered most comparable to the Town of Duxbury. A community with zero (0) points was therefore determined to be the least comparable to Duxbury. A more detailed explanation of the methodology used to determine the comparable communities is included in Appendix B.

A cutoff of seventy (70) points across the eight (8) categories and a proximity of less than 30 miles was established to select the communities most similar to Duxbury. After applying the eight (8) criteria, sixteen (16) communities achieved seventy (70) or more compatibility points on the comparison scale with Duxbury. The full list of the sixteen (16) comparables is below:

| Abington | Hull | Sandwich |
| :--- | :--- | :--- |
| Bourne | Kingston | Scituate |
| Bridgewater | Marshfield | Stoughton |
| Cohasset | Milton | Wareham |
| Hanover | Norwell |  |
| Hingham | Pembroke |  |

## Selection of Benchmark Positions for Survey Purposes

When developing the salary survey, it is important to select positions that are likely to have data available from the surveyed municipalities. These positions are referred to as benchmark positions. Based on the size of the Study and number of positions in Duxbury, GovHR recommended limiting the benchmark positions in the survey to approximately forty (40) non-union positions and requesting submission of collective bargaining agreements along with the completed survey. This is because as the
number of positions surveyed increases there tends to be a decline the number of organizations responding to the survey. This decline in response rates is thought to be due to the amount of work organizations need to devote to completing a lengthier survey. Positions recommended as benchmarks are those that:

1) Are representative of each occupational grouping (e.g., Finance, Library, Police, etc.).
2) Include multiple numbers of Town employees, when possible.
3) Can be described in a concise manner that accurately identifies the nature of work and level of difficulty.
4) Are known to commonly exist in other communities.

After discussion with Town Administration, forty-five (45) non-union positions were selected as benchmark positions for the survey. Below is a list of all the surveyed positions:

Administrative Assistant<br>Alternate Inspector<br>Animal Control Officer<br>Assessing Director<br>Assistant Recreation Director<br>Aquatic Supervisor<br>Beach Operations Administrator<br>Benefits Specialist<br>Call Firefighter<br>Cemetery/Crematory Superintendent<br>Chief Technology Officer<br>COA Bus Driver<br>COA Program Activities Coordinator<br>COA Transportation Coordinator<br>Conservation Administrator<br>Council on Aging Director<br>Director of Human Resources<br>Director of Public Works<br>DPW Operations Manager<br>Executive Assistant to the Town Manager<br>Executive Officer - Harbormaster Dept.<br>Facilities Director<br>Finance Director

Fire Chief
Harbormaster
Health Agent
IT Support Technician
Library Director
Library Division Head
Local Building \& Code Enf. Inspector
Municipal Services Director
Office Manager
Permanent Intermittent Police Officer
Planning Director
Police Chief
Public Health Nurse
Recreation Director
ROCCC Deputy Director
ROCCC Director
Town Accountant
Town Manager
Treasurer/Collector
Veterans' Service Officer
Water \& Sewer Superintendent
Wiring Inspector

GovHR then reviewed the collective bargaining agreements from the comparable Towns to gather salary data for the following twenty-five (25) union benchmark positions:

Administrative Assistant
Assistant Collector
Assistant Town Clerk
Assistant Treasurer

Building Maintenance Technician
Custodian
Equipment Operator
Fire Captain/EMT

Fire Captain/Paramedic
Firefighter/EMT
Firefighter/Paramedic
Foreman
Lead Public Safety Dispatcher
Librarian
Library Associate
Mechanic
Office Manager

Payroll/Administrative Assistant<br>Police Lieutenant<br>Police Officer<br>Police Sergeant<br>Principal Bookkeeper<br>Public Safety Dispatcher<br>Skilled Laborer<br>Supervising Foreman

## Salary and Benefits Survey

After identifying the benchmark positions, the Consultants then prepared and distributed a salary survey to the sixteen (16) comparable communities. Eight communities responded by either completing the survey or supplying GovHR with a copy of their most recent Compensation Plan. Compensation Plans for two additional comparables were obtained from the Town websites. Table 2 is a summary of the benchmark salary survey data. The detailed salary survey data for each position is contained in Appendix C.

It is important to make a few of observations regarding Table 2 and Appendix C .

1) The salary data is information that was available as of June - July 2021. The new recommended salary ranges for the Town were developed using this salary data from the comparable communities.
2) Some of the comparable municipalities provided salary range minimums and maximums for comparison purposes, while others (those that don't utilize salary ranges as part of their pay plans) provided actual salaries for surveyed positions. The salary range minimums and maximums were analyzed to determine the $50^{\text {th }}, 60^{\text {th }}, 65^{\text {th }}, 75^{\text {th }}$ and $80^{\text {th }}$ percentiles to identify wage ranges for "average" and "above average" payers. Any actual salaries provided by the comparable municipalities were only analyzed in a few instances when there was not enough salary range information. Salary ranges are a better gauge of market salaries than an actual salary and are thus preferred to conduct analysis.
3) Salary ranges associated with positions that have been reclassified may not be consistent with other salary ranges in a particular Grade.
4) Data contained within Appendix $C$ has been thoroughly reviewed. If the Consultants determined the data was not relevant, it was removed. Thus, if a specific position within the salary survey has two worksheets associated with it in Appendix C, then data was removed. The second data sheet will have the word "Edited" after the title of the position surveyed. If a
specific data point was removed, it is highlighted on the first and second worksheets and then removed on the second worksheet associated with the position.

## Appraisal and Use of Salary Data

While comparing Duxbury's current salaries to those paid by other employers in the comparable communities, it must be noted that variations in compensation may be due to several factors, including:

1) Organizational size and economic conditions can have an impact on positions. In smaller organizations, employees are often asked to "wear many hats" and therefore take on more duties and responsibilities than would normally be required of a certain position. In addition, the economic downturn forced organizations to "do more with less", compelling staff to take on more duties and responsibilities than they have in the past. Therefore, it becomes increasingly harder to compare "like" positions within organizations.
2) Some employers place a different relative worth on certain groups of employees. For example, some employers are forced to place a higher value on certain employees or groups of employees because of the market, and therefore, pay them more. Overall, the policies and value judgments of different employers in compensating the same kind of work can vary widely. There is rarely a single prevailing rate for any particular kind of work, even within the same labor market.
3) It can be difficult to make exact comparisons among the different employers of the duties and responsibilities of ostensibly similar jobs.

Nevertheless, comparative salary data is widely recognized as a good measure of the appropriate compensation rates with respect to the prevailing market. This data is also useful as an indication of prevailing opinions concerning the compensation relationships that should exist among different classifications of work. Of equal importance, however, are the internal relationships for the various positions that were accomplished in the Job Evaluation portion of this Study.

## The Benefits Survey and Findings

The benefits portion of the survey collected data related to the following benefits:

Health Insurance<br>Sick Leave<br>Holidays \& Personal Days<br>Vacation

# Longevity <br> Educational Incentives for Public Safety Positions <br> Clothing/Cleaning Allowance 

Stipends

A review of the benefits offered in Duxbury versus the comparable communities shows that the Town's benefits are competitive with the other entities surveyed. However, there are some differences that are noted below:

Health Insurance - The comparable communities submitted Employee Only and Family Plans. Duxbury contributes more than the average of the comparable communities towards premiums, $75 \%$ for both Employee Only and Family coverage, as compared to 70\% for Employee Only and 70\% for Family coverage. Rates were submitted for both PPO and HMO plans. Duxbury's rates paid seem to fall in the middle of what was reported by the comparable communities.

Sick Leave - most of the comparable communities offer 15 sick days annually to employees, which is the same as Duxbury. Most have a buy back program, but the program designs vary, and some has stopped the practice for new employees. Two thirds of the comparable communities offer an incentive to not use sick leave, as does Duxbury, and again the programs vary in their construction. The remaining communities do not offer an incentive.

Holidays \& Personal Days - Duxbury offers 12 holidays and three personal days (4 after 10 years) for certain employees. The comparable communities on average offer the same about of time off.

Vacation - Duxbury is very close to the average for vacation leave at all milestone dates - after one year, after five years, after 10 years, after 16 years and after 25 years for all employees, with the exception of the Management positions. Those positions receive five more days off per milestone date. Most of the responding communities have a buy back policy, which vary and most of the comparable communities award sick leave on an accrual basis.

Longevity - All of the responding communities offer a Longevity program, and the majority of them are a flat dollar amount, not a percentage, which is different than some of the employee groups in Duxbury.

Educational Incentives for Public Safety Positions - Most of the responding communities offer an educational incentive to public safety positions. Some still follow the Quinn Bill for Police, while others have changed their programs to flat dollar amounts.

Clothing/Cleaning Allowance - The majority of responding communities have Clothing/Cleaning Allowance for Public Works and Public Safety employees. One community has rolled the allowance into base pay. There are some communities that provide allowances to specialized positions such as natural resources employees.

Stipends - The majority of responding communities offer a wide variety of stipends, from public safety to public works to libraries. There is no consistency among the stipends being offered, meaning while there may be stipends for public safety employees, the purpose of the stipends and amount change from community to community.

Appendix $D$ contains tables summarizing the detailed data related to the benefits survey. Rows representing the comparable towns for which benefits data were not available were deleted from the tables.

## VI. COMPENSATION PLAN DEVELOPMENT AND RECOMMENDATIONS

## Development of the Compensation Plan

A basic element in any human resources management program is adequate and equitable employee compensation. A Compensation Plan of this nature is essential if qualified employees are to be recruited and retained. To achieve this goal, there must be a reasonable and widely accepted model of Job Factors upon which the Compensation Plan rests. Application of this model was the purpose of the Job Evaluation aspect of this Study. The Plan presented in this report is designed to accomplish the Study goals by:

1) Providing for equal compensation for work of equivalent job content and responsibility.
2) Facilitating adjustments to compensation levels based on changing economic and employment conditions that impact these interrelationships.
3) Establishing compensation ranges that compare favorably with those of other equivalent jurisdictions within the appropriate labor market.

In preparing this Plan, the Study only looked at base compensation. The compensation associated with longevity or other fringe benefits was not analyzed or factored into the Compensation Plan.

## Compensation Plan Options for the Town's Consideration

One of the purposes of this Study was to provide an updated Compensation Plan that relates to the external market and is internally equitable. Below is a detailed explanation of three (3) different Compensation Plans:

1) Defined Increment Plan: This is a Compensation Plan that has salary ranges with a minimum and a maximum with defined percentage increments (e.g., $3 \%$ ) in between. If an employee has a satisfactory performance evaluation, he/she systematically advances through the compensation range. The performance evaluation and resulting salary increment increase occurs annually.
2) Open Range Merit Plan: This is a Compensation Plan that also has salary ranges with minimums and maximums, but without defined percentage increments in between. Employees are advanced through the compensation range based on an annual satisfactory performance evaluation, with the percentage of their increase determined annually by Town Administration.
3) Blended Merit Plan: This is a Compensation Plan that uses techniques from both a Defined Increment Plan and an Open Range Merit Plan.

In considering which Plan to use, it is important to understand that employees at various levels of responsibility may react differently toward, and be motivated differently by, the Compensation Plan they work under. Management personnel that are goal-oriented may have a higher acceptance of the Open Range Merit Plan, and thus tend to be more comfortable with this method of compensation. Mid to lower-level positions may want the assurance of a defined salary increase based on satisfactory performance. Possible advantages and disadvantages of each Plan are summarized below.

## Defined Increment Plan

## Advantages

Town: A Defined Increment Plan has the advantage of creating financial predictability because it is easier for management to predict and plan for salary increases on an annual basis.

Employees: Employees like a Defined Increment Plan because it offers security and predictability for advancement through the range. Another advantage of this Plan is that it offers a high degree of internal equity and fairness - the expectation that fellow workers in this Plan are all being treated the same.

## Disadvantages

Town: The Town may feel that a Defined Increment Plan simply rewards compensation increases on a routine basis. However, by tying the increase to a satisfactory performance evaluation, the Town can be assured that only employees with acceptable performance will receive a salary increase.

Employees: Employees may feel unmotivated to perform at an above average or at a superior level, knowing their salary increase amount is pre-determined. One way to remove this negative notion is to allow an employee with a superior performance evaluation to get a two (2) increment increase. This, however, would be the exception and not the rule. Most employees would be considered "average" performers and receive a one (1) increment increase.

## Open Range Merit Plan

## Advantages

Town: The Open Range Merit Plan tends to motivate employees to perform at a higher level, thereby achieving greater production/benefit for the Town. This Plan also enables the supervising
authority to reward high-performing employees with a salary increase greater than a defined increment.

Employees: Employees who are high performers like working under this Plan as they can earn a higher percentage salary increase.

## Disadvantages

Town: Anticipating the cost of merit increases has less financial predictability, as it is not always possible to know how many employees will be high performers in any given year. However, the Town can fund a "merit increase pool" for all Open Range Merit Plan employees to receive an average percentage (i.e., a 2-3\% increase), knowing that some employees will receive less (or no) increase and some employees will earn more.

Employees: An Open Range Merit Plan can create a perceived inequity regarding how individuals are granted salary increases. It is incumbent upon management to use an equitable performance evaluation system when implementing this Plan. It is also incumbent on management to ensure that the performance evaluation system is applied fairly and that supervisors receive appropriate training on conducting the evaluation and using the evaluation tool properly.

## Blended Merit Plan

There are positives and negatives for both Defined Increment and Open Range Merit Plans. However, it is also possible to design a pragmatic salary system that uses elements of both Defined Increment and Open Range Merit Plans. It is becoming increasingly common for organizations to have a Blended Merit Plan for various levels of positions that reflects the particular circumstances and culture of the organization. A Plan of this type is customizable to the needs of the organization. It is also the preferred Plan for organizations that are transitioning from a Defined Increment Plan to an Open Range Merit Plan. The following is one example of a Blended Merit Plan:

Exempt: All exempt employees are in an Open Range Merit Plan.
Non-exempt: Non-exempt employees are in a Blended Merit Plan. In this Plan, salary ranges begin at the minimum with, for example, three (3) defined increments and then transition into an open range. The initial increment of the assigned range is intended as the normal hiring/promoting rate. Increments two (2) and three (3) would be awarded upon successful completion of the employee's initial evaluation period and/or after another period that is set by the Town (e.g., increment two (2) after the initial evaluation and increment three (3) after an additional year of employment.) After
that, the employee may advance through the open range as a result of a successful performance evaluation.

## Recommendation: Open Range Merit Plan

GovHR is recommending that the Town adopt an Open Range Merit Plan. An Open Range Merit Plan has salary ranges with minimums and maximums, but without defined percentage increments in between. Employees are advanced through the ranges based on an annual satisfactory performance evaluation, with the percentage of their increase determined by their supervisor and Town Administration.

The Open Range Merit Plan also allows maximum flexibility for the Town relative to recruitment and funding as employees can be hired within the range and the increases provided annually for meritorious performance can fluctuate based on available funding. Given Duxbury's goal to recruit, reward and retain motivated, high-performing employees, the Open Range Merit Plan has been selected for recommendation.

## Pay Philosophy

An important component in the process of developing a Compensation Plan is understanding and applying the pay philosophy of the Town. In Duxbury, the Town subscribes to a pay philosophy of compensating employees at a rate at the $60^{\text {th }}$ percentile.

## Proposed Compensation Plan and Structure

The next step in this process is to combine the JFA scores included in Tables 1 and 2 with the proposed salary ranges in Table 3. The Classification and Compensation Plan consists of fifteen (15) pay grades; one (1) being lowest and fifteen (15) being highest and is broken down into the following three (3) bands:

Grades 1-4: Administrative and Technical Staff
Grades 5-11: Supervisors and Advanced Technical Staff
Grades 12 - 15: Directors and Senior Manager
All proposed pay ranges are open ranges. There is an $7.5 \%$ gradation between Grades 1 - 4, a $5 \%$ gradation between Grades $5-11$ and a $12.5 \%$ gradation between grades $12-15$. Grades $1-11$ have a
$30 \%$ range spread from minimum to maximum and Grades 12 - 15 have a $40 \%$ range spread from minimum to maximum.

Note 1: Different compensation grades may have different ranges from minimum to maximum compensation. It is appropriate for the lower grades in a Compensation Plan to have a smaller spread from minimum to maximum as it is likely that new employees would start at the minimum compensation of the range. Conversely, it is more likely that more experienced employees or Department Head level employees may be hired at a rate above the minimum compensation of a range, thus it is necessary to have a greater spread from minimum to maximum compensation.

Note 2: Gradation refers to the relationship between the minimum compensation of one grade to the minimum compensation of the next grade. In this case, the starting compensation for employees in Grade 2 is $7.5 \%$ higher than Grade 1 and so on. The gradation will vary depending upon the relationship between the salary data for the grade, the number of grades in the compensation band and the established compensation range.

Table 2 combines all of the classification and compensation data at the $60^{\text {th }}$ percentile.

## Appeals Process

After the Draft Final Report was presented to the Town, an Appeals Process was conducted to receive feedback from employees about the results of the Study. The appeals fell into three categories reclassification requests, increase in compensation requests, and issues raised by the Unions. Prior to the finalization of the Report, the Town addressed the first two issues. The Town intends to address the issues raised by the Unions during the upcoming collective bargaining process.

## Implementation and Administration of the Compensation Plan

Implementation of the Compensation Plan, as it affects individual employees, should be under the following pattern of adjustments:

1) Employees whose present compensation is below the minimum compensation of the range for their classification should be raised to the minimum of the range.
2) The compensation of employees whose present compensation is within the range for their classification should be slotted into the new Compensation Plan at their current pay rate.
3) The compensation of employees whose present compensation is above the maximum compensation of the range should be held at their present rate, without a reduction in compensation, until such time that further market analysis indicates commensurate alignment with the marketplace. However, the Town can consider lump sum increases for these employees, which does not impact base compensation levels, until the ranges adjust to include the individual employee compensation rates.

In other studies, GovHR has been asked for ideas on how to address the situation of long-term employees whose current compensation falls near the bottom (within 5-10\%) of the proposed range. If this occurs, it illustrates that the position has been compensated at less than the market rate for someone with similar tenure. Thus, some communities elect to make additional adjustments for those employees at implementation. This program is discretionary for the Town to adopt and only occurs one time, at the implementation of the new Classification and Compensation Plan. If the Town wishes to consider such a program, an example is illustrated below:

## Service

1-3 Years 0\%
Over 3 and up to 8 Years
Over 8 and up to 15 Years
Over 15 Years

## Adjustment

1\%
2\%
3\%

## Employee Advancement through the Ranges

To implement the new Compensation Plan, GovHR recommends that the starting salary of the range (minimum) is the normal hiring/promoting rate. Exceptions to this starting point should be limited to hiring situations involving:

1) Applicants with exceptional background and qualifications.
2) A promotion in which the employee's current compensation is higher than the minimum of the new range.
3) In the case of a labor market situation where it is impossible to recruit qualified candidates at the minimum.

In these cases, employees may be appointed to their positions anywhere within the defined range (generally up to the midpoint), depending on their experience and qualifications, and based on the provisions of the Town's policies (if applicable). Employees should not be hired below the minimum of their compensation range.

Salary advancement between the hiring rate and the top of the range (maximum) is done throughout the employee's tenure with the organization. Advancement through the range would be done on an annual basis and be dependent on a satisfactory performance evaluation. Incumbents progressing through the range should understand that standards of performance would become more exacting or controlling as compensation levels advance. Typical movement through the range could be in increments of $1 \%$ to $3 \%$, depending on the employee's performance evaluation and goal attainment, as well as the financial resources of the Town.

The Town may also wish to provide a merit bonus for exemplary performance after an employee reaches the maximum compensation for the range. If this option is exercised, then an employee would be eligible to receive a payment after a successful performance evaluation each year. This payment should not be worked into the base salary. It can be in the form of a lump sum payment that is a set amount calculated each year and the same for all employees, such as $\$ 500$ for meeting expectations and $\$ 1,000$ for exceeding expectations. Another option is to calculate a percentage of the employee's base compensation and provide a lump sum payment equivalent to that amount, such as $1 \%$ for meeting expectations and $2 \%$ for exceeding expectations.

It is recommended that the Town set aside a "merit pool" every year, to fund increases for employees in this Plan. This money would then serve as the pool for merit payments, knowing that some employees will be high performers, getting a higher percentage, and some employees will be lower performers, getting a lower percentage.

Again, it should also be noted that the implementation and use of a formal performance evaluation process for all staff members is a key component to the success of this Plan. Equally, if not more important, is that supervisors are adequately trained to perform the formal performance evaluation process.

## Future Administration of the Compensation Plan

To maintain competitive salary levels there should be an annual review of the Town's salary ranges. The sixteen (16) communities used in the survey group for this Study have been determined to be comparable jurisdictions to the Town. Therefore, Duxbury can continue to use these jurisdictions as a comparable salary survey group for annual salary comparison purposes, until it is determined that they are no longer valid comparables. As mentioned earlier, the salary levels for these comparables are current as of June - July 2021. It is GovHR's recommendation that an annual survey of these communities be conducted to determine the percentage increase each organization in the comparable group is granting, either as an annual across-the-board increase to their employees or as a general adjustment to their compensation ranges. The Town may wish to provide an across-the-board increase to all employees based on the information received from the comparable communities. If this is the case, then the increases would be granted separately from any merit increase that would be awarded as a result of a successful performance evaluation.

It is the further recommendation of GovHR that the compensation ranges for each grade be increased by the average percentage increase of the comparable group, even if an across-the-board increase is not given to all employees. Employees would continue to advance through the compensation ranges (provided that the employee is not at the maximum of the compensation range) by virtue of a merit increase granted for satisfactory or above satisfactory performance of their job duties. Finally, it is recommended that the Town review the compatibility of the municipalities after five (5) years.

## Future Administration of the Classification Plan

The administration of a Classification Plan is an ongoing process. It must be recognized that it is not static and is not intended to affix positions permanently into classifications. Instead, the Plan must be administered continually to adapt it to changing conditions.

Three (3) specific types of changes in the Plan itself are possible: abolition of a position, creation of a position, or a revision of a position.

1) When a position in a classification is eliminated or when a position has significantly changed work duties and responsibilities to the extent that the position becomes inappropriate or inaccurate, the position should be abolished.
2) New positions should be created when new work situations arise that are not covered by the established positions. However, caution should be exercised in this respect, particularly to assure that new positions are justified, are not merely duplicating established positions, cannot be accommodated through changes in existing positions, and reflect substantially permanent rather than temporary situations.
3) The adjustment or revision of a position should be done when there are substantial changes to the requirements of the position or to the nature and complexities of the duties being performed. In this instance, a position may need to be re-scored and move up or down into a new classification.

All changes should be thoroughly evaluated for their effect on employee morale and the integrity of the classification relationships established in the Classification and Compensation Plan. Town Administration has been provided with the Job Analysis Questionnaire as well as the Job Factor Scoring Sheet, enabling the Town to grade a newly created or revised position. GovHR provides scoring assistance in such cases free of charge for one (1) year after the delivery of this report.

## Appreciation

GovHR has appreciated the opportunity to work with the Town of Duxbury on this Classification and Compensation Study. A special thank you to the employees for all of the information provided to allow for the analysis and to the Town Administration for the significant amount of work and support dedicated to the project.

CLASSIFICATION PLAN

## APPENDIX A

# EMPLOYEE JOB ANALYSIS QUESTIONNAIRE (JAQ) 

| Town of Duxbury |  |
| :--- | :--- |
| NAME: | DATE: |
| YEARS OF EXPERIENCE WITH EMPLOYER: | JOB TITLE: |
| YEARS OF EXPERIENCE ON THIS JOB: | YOUR JOB IS: FULL TIME $\square$ PART TIME $\square$ |
| YOUR YEARS OF EXPERIENCE IN THIS FIELD: | YOUR EDUCATION: <br> $\square$ High Sch. $\square$ Assoc. Deg. $\square$ Bach. Deg. $\square$ Mas. Deg. |
| NAME OF IMMEDIATE SUPERVISOR: | HIS/HER TITLE: |

## INSTRUCTIONS

The purpose of this questionnaire is to obtain additional information about your job that may not be included in your current job description. Please answer each question thoughtfully and frankly. After you have finished your portion of the questionnaire, give it to your immediate supervisor, who will complete his/her section.

General Summary: In three or four sentences, please summarize the major purpose or primary function of your job.

Please indicate if you have reviewed your current job description.

If you have any changes to your current job description, please mark them on the JD and attach it to this JAQ, or indicate changes here:

If you do not have a job description available to review, please list your job duties. Try to place your duties in order of importance and group "like" tasks together (e.g., "clerical duties including word processing, opening mail, filing, etc." or "front desk responsibilities including greeting visitors, answering telephones and routing calls, etc."). Job duties:
1.
2.
3.
4.
5.
6.
7.
8.
9.
10.
11.
12.
13.
14.
15.

Feel free to add more numbers/duties if necessary.

FACTOR 1. Education \& Training: In your opinion, what kind of education and training is necessary to perform your job?
$\square$ LEVEL 1: Level of knowledge that is below what is normally attained through high school graduation.LEVEL 2: High school diploma (GED) or equivalent.LEVEL 3: High school, plus elementary technical training, acquired on the job or through one year or less of technical or business school.LEVEL 4: Extensive technical or specialized training such as would be acquired by an Associate's Degree or two years of technical or business school.
$\square$ LEVEL 5: Completion of four-year college degree program.LEVEL 6: Additional professional level of education beyond a four-year college program, such as a CPA or Professional Engineer (P.E.) training.
$\square$ LEVEL 7: Completion of graduate coursework equal to a Master's Degree or higher.

What specific degree/coursework is NECESSARY?
What specific degree/coursework is PREFERRED?
If a specific certificate or license is mandated by an outside agency to perform your duties, name the certificate or license:

What special skills, knowledge, and abilities are required to perform your job? Please list:

FACTOR 2. Years of Experience: How much previous work experience do you feel is necessary to perform your job?

| LEVEL 1: | LEVEL 2: | LEVEL 3: | LEVEL 4: |
| :--- | :--- | :--- | :--- |$\quad$ LEVEL 5:

What is the minimum number of years required?

What specific experience is necessary?

## FACTOR 3. Independent Judgment and Decision Making

Part 1: How much discretion do you have in making decisions with or without the input or direction of your supervisor?
$\square$ LITTLE: Little discretion or independent judgment exercised.
$\square$ SOME: Some discretion or judgment exercised, but supervisor is normally available.
$\square$ OFTEN: Job often requires making decisions in absence of specific policies and/or guidance from supervisors, but some direct guidance is received from supervisors.
$\square$ HIGH: High level of discretion with decisions restricted only by Departmental policies and little direct guidance from supervisors.

VERY HIGH: Very high level of discretion with decisions only restricted by the broadest policies of the Organization.

Part 2: If you make an erroneous decision, what impact would this decision have on your work unit, department, and/or the Organization?
$\square$ MINOR: Some inconvenience and delays but minor costs in terms of time, money, or public/employee good will.

MODERATE: Moderate costs in time, money, or public/employee good will would be incurred. Delays in important projects/schedules likely.
SERIOUS: Important goals would not be achieved and the financial, employee, or public relations posture of the Organization would be seriously affected.
$\square$ CRITICAL:
Critical goals and objectives of the Organization would be adversely and very seriously affected. Error could likely result in critical financial loss, property damage, or bodily harm/loss of life.

FACTOR 4. Responsibility for Policy Development: Does your job require you to participate in the development of policies for your unit/division/department/the Organization?LEVEL 1: Position involves only the execution of policies or use of existing procedures.LEVEL 2: May provide some input to supervisor when policies and procedures are updated.LEVEL 3: Position involves some development of policies/procedures for the Department and/or the interpretation or explanation of departmental policies for others in the organization or residents.
$\square$ LEVEL 4: Position involves significant or primary responsibility for the development of policies and procedures for a division or organizational component of a department, as well as the interpretation, execution and recommendation of changes to department policies.LEVEL 5: Position involves significant or primary responsibility for the development of policies and procedures for an entire department, plus occasional participation in the development of policies which affect other departments in the organization.

LEVEL 6: Position involves the primary responsibility for the development of departmental policies and procedures and regular participation in the development of policies that affect other departments and occasionally involves participation in the development of organization-wide policies.

Give some examples of the types of policies you've written or been a part of creating:

FACTOR 5. Planning: How much latitude do you have to set your own daily work schedule and priorities for a given workday?

LEVEL 1: Position requires that my daily work load and activities are assigned to me by my supervisor.LEVEL 2: Position requires that I plan my own daily work load and work independently according to established procedures or standards.LEVEL 3: Position requires that I plan my own daily work load and those of others in the department (first-level supervision).LEVEL 4: Position requires an above average ability to analyze data and develop departmental plans, including plans where a number of difficult, technical and/or administrative problems must be addressed (Manager/Division level planning).LEVEL 5: Position requires a high level of analytical ability to develop plans for a department or complex situation, including plans that involve integrating/involving/impacting other departments (Department Head level planning).

FACTOR 6. Contacts with Others: In the course of performing your job, what contacts with people in your department, other departments within the organization, and/or people from outside the organization are you required to make?
$\square$ LEVEL 1: Position involves interaction with fellow workers on routine matters with relatively little public contact.
$\square$ LEVEL 2: Position involves frequent internal and external contact, but generally on routine matters such as furnishing or obtaining information.LEVEL 3: Position involves frequent internal contact and regular contact with outsiders generally on routine matters, including contacts with irate outsiders which require some public relations skill for taking complaints for others to follow up upon.
LEVEL 4: Position involves frequent internal and external contacts which require public relations skills in handling complaints. Contacts involve non-routine problems and require in-depth discussion and/or persuasion in order to resolve the problem. Handles more difficult contacts that are referred by front line employees.
LEVEL 5: Position involves frequent internal and external contacts which require skill in dealing with, and influencing others, and initiating changes in policy/procedures to address the issue so as to avoid having to deal with the issue again in the future.LEVEL 6: Position involves frequent internal and external contacts in which I act as the spokesperson for the department and am authorized to make commitments of significant resources on behalf of the department.

LEVEL 7: Position involves frequent internal and external contacts where I represent the entire organization and am authorized to make commitments in matters of broad or critical interest to the entire organization.

With which internal individuals or groups do you have the most contact?
With which external individuals or groups do you have the most contact?

## FACTOR 7. Supervision Given:

Do you supervise or assign work to other employees?Yes $\square$ No

If yes:
$\square$ LEVEL 1: Position is regularly responsible for assigning work to an employee or employees, without acting in a supervisory role. To whom does this position assign work?
$\square$ LEVEL 2: Position is responsible for the supervision of one full time or several part time employees.LEVEL 3: Position is responsible for the supervision of two to five full time (or full time equivalent) employees.LEVEL 4: Position is responsible for the supervision of six to 15 full time (or full time equivalent) employees.LEVEL 5: Position is responsible for direct and/or indirect supervision of 16 to 29 full time (or full time equivalent) employees.LEVEL 6: Position is responsible for direct and/or indirect supervision of 30 to 50 full time (or full time equivalent) employees.LEVEL 7: Position is responsible for direct and/or indirect supervision of more than 51 full time (or full time equivalent) employees.

Actual number of full-time (or full-time equivalent) employees supervised:

FACTOR 8. Physical Demands: Please describe any physical demands required to perform your job.

| Demand | No | Yes | How often? (Rarely, Occasionally or Daily) |
| :--- | :--- | :--- | :--- |
| Lifting to 20 pounds |  |  |  |
| Lifting 20-50 pounds | $\square$ | $\square$ |  |
| Lifting 50+ pounds | $\square$ | $\square$ |  |
| Climbing | $\square$ | $\square$ |  |
| Walking | $\square$ | $\square$ |  |
| Kneeling | $\square$ | $\square$ |  |
| Crouching | $\square$ | $\square$ |  |
| Crawling | $\square$ | $\square$ |  |
| Bending | $\square$ |  |  |
| Sitting | $\square$ | $\square$ |  |
| Prolonged Standing | $\square$ | $\square$ |  |
| Prolonged Visual Concentration | $\square$ | $\square$ |  |

Unpleasant or Hazardous Conditions: Please describe any unpleasant or hazardous conditions you are exposed to in performing your job and how often you are exposed to those conditions. Include only those conditions which are directly related to your work rather than specific work area conditions.

## Condition

Lighting-dimness or brightness
Dust
Heat
Cold
Odors
Noise
Vibration
Wetness/Humidity
Toxic Agents
Electrical Currents
Heavy Machinery
Violence
Disease
Smoke
Other

| No | Yes |
| :--- | :--- |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |
| $\square$ | $\square$ |

FACTOR 9. Use of Technology/Specialized Equipment: Please check the level of technology or specialized equipment use needed for you to perform your job.
$\square$ LEVEL 1: Position has no responsibility for, or use of, technology.LEVEL 2: Position has some basic use of computers for data entry and some use of the telephone, copier, etc.
$\square$ LEVEL 3: Position has daily use of computers for data entry and use of the telephone, fax machine, copier, etc. Position has daily use of light equipment such as push mowers, weed whackers, pole saws, custodial equipment, etc.
$\square$ LEVEL 4: Position has daily use of computers, the Internet, Smartphones, etc. to create databases, spreadsheets, or reports. Position designs and creates customized reports, presentations, and/or documents using advanced software skills.
$\square$ LEVEL 5A: Position provides routine consultation and technology support for everyday computer programming and/or software requests/questions to others in the organization; is an applications super user; or uses specialized software such as GIS, SCADA or telecommunications software.
$\square$ LEVEL 5B: Position uses, troubleshoots, and/or repairs various pieces of specialized equipment such as HVAC, lighting, gas flares, blowers, engines, heavy equipment, diagnostic equipment, large vehicles (vacuum trucks, street sweepers, fire apparatus) and/or medical or public safety equipment.LEVEL 6: Position is responsible for advanced computer programming, system security, maintenance, training, and purchasing of items such as computers, printers, scanners, etc., for the computer system for the organization (IT personnel).LEVEL 7: Position is responsible for the overall direction and supervision of the staff that are responsible for the computer and technology needs of the organization, including responsibility for developing technology policies for the organization (IT personnel).

## 10. FLSA EXEMPT OR NON-EXEMPT DETERMINATION

Do you receive overtime or comp time for hours worked beyond your normal work week? $\quad \square$ Yes $\square$ No

Is your position considered any one of the following: Executive, Administrative, Professional, or Computer? If so, please answer the questions in the applicable sections below. If not, please skip to Question 11.

Please answer for only one category:

## A. Executive

Are you paid the equivalent of at least $\$ 684$ per week on a salary basis?
Is your primary duty managing the department or unit of a local government? Percent of time spent managing

Do you customarily direct the work of two or more other employees (or the equivalent of two or more, e.g., 4 part-timers)?

Do you have the ability to hire and fire, or do your recommendations carry significant weight even if you are unauthorized to make the final decision?

## B. Administrative

Are you paid the equivalent of at least $\$ 684$ per week on a salary basis?

Is this a "staff" position where your primary duty is performing office or non-manual work directly related to the management or general operations of the organization, division or unit?

Do you exercise discretion and independent judgment with respect to matters of significance, have the authority to formulate/interpret policy, and have a high level of operational responsibility?

## C. Professional

Are you paid the equivalent of at least $\$ 684$ per week on a salary basis?
Does your primary duty include the performance of work that requires advanced knowledge in a field of science or learning that is customarily acquired by a prolonged course of specialized instruction?

Is a specialized advanced degree a prerequisite for your job?
If yes, what is the degree or certification?

## D. Computer

Are you paid the equivalent of at least $\$ 684$ per week on a salary basis?
Do your primary duties involve:
The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications; OR

The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on or related to user or system design specifications; OR

The design, documentation, testing, creation or modification of computer programs related to organizational operating systems; OR

A combination of the aforementioned duties, the performance of which requires the same level of skills?
11. Comments/Additional Information: Feel free to add additional information below. If using a printed copy of this form, use the back of the form to add your comments.

Type your name and the date below, then save this form as a Word document with the file name of "JobTitle.LastName.FirstName" and email it to your supervisor. If using a printed copy of this form, sign and date it and then deliver to your supervisor.

## THIS SECTION TO BE COMPLETED BY IMMEDIATE SUPERVISOR AND/OR DEPARTMENT HEAD

Please provide your comments below. If using a printed copy of the form and additional space is needed, please use the back of this form or attach an additional sheet. Please do not mark in employee's portion of the questionnaire.

1. Do you agree with the employee's answers to all of the above questions? If not, please explain.
2. List any job duties or assignments which the employee performs which are in addition to those listed on the job description or this form.
3. How long has this employee worked for you?
4. Additional comments from the employee's immediate supervisor:

Type your name and the date below, then email this form to your Department Head (if applicable) or to the Human Resources Director. If using a printed copy of this form, sign and date it before forwarding.

If Supervisor isn't Department Head, Department Head should review this form as well.
$\square$ I have read the above and substantially concur.
I have read the above and have the following comments:

Type your name and the date below, and then email this form to the Human Resources Director. If using a printed copy of this form, sign and date it before forwarding.

DEPARTMENT HEAD SIGNATURE OR TYPED NAME
DATE

## IMPORTANT DATES:

May 28 ${ }^{\text {th }}$ : Employees complete and submit the JAQs to their Supervisors. Please save file as follows: JobTitle.LastName.FirstName

June $7^{\text {th }}$ : Supervisors and Department Heads review and then submit the JAQs to Human Resources
June $\mathbf{1 6}^{\text {th }}$ : Town Administration reviews and then submits the JAQs to GovHR USA
Week of June $\mathbf{2 1}^{\text {st }}$ : GovHR USA conducts virtual interviews with employees

## APPENDIX B

TOWN OF DUXBURY, MASSACHUSETTS Criteria Used to Determine Survey Comparables

## Data Sources:

Massachusetts Department of Revenue Division of Local Services, Municipal Databank/Local Aid Section for: Population; DOR Income Per Capita; EQV Per Capita; Total Assessed Value; Tax Levy; State Aid; and Total Budget. https://www.mass.gov/service-details/at-a-glance-and-community-comparison-reports

Google Maps for proximity (lowest mileage listed)

## Note:

Each of the eight criterion contain ranges to assess comparability with the Town's data. For example, each of the four factor ranges for Town population is developed using a factor of .5 percent (+/-). To determine the population range that will receive a score of 15 (most similar to the Town), the Town's population is multiplied by 1.5 (maximum range) and divided by 1.5 (minimum range). The Town's population is then multiplied and divided by $2.0,2.5$ and 3.0 to determine ranges of decreasing similarity (and subsequently decreasing "comparability points")

Criteria Comparisons -- Sorted by Rank
(All municipalities meeting initial screening criteria*)

| Municipality |  | Max. | Income | Max. | EQV | Max. | Total Assessed | Max. | Tax | Max. | State | Max. | Total | Max. | Proximity | Max. | Total |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Population | Points | Per Capita | Points | Per Capita | Points | Value | Points | Levy | Points | Aid | Points | Budget | Points | Miles | Points | Points |
|  |  |  |  |  |  |  | (millions) |  | (millions) |  | (millions) |  | (millions) |  |  |  |  |
| Duxbury | 15,946 | 15 | \$93,133 | 15 | \$267,485 | 15 | \$4,378 | 15 | \$64.2 | 15 | \$6.5 | 5 | \$84.0 | 15 | 0 | 5 | 100 |

Must be used within 12 mos., and no more than 1 full merit day can be accrued at any time Police: For each 120 consecutive days w/o absence, 1 personal day is granted, up to $2 / \mathrm{yr}$, cannot be accumulated |
| Marshfield | Supv. CBA: 12 | Supv. CBA: No | Supv. CBA, Admin/NE Group: Empls. w. 5 yrs svc. \& 50 accumulated sick days recv. $\$ 300$ (0 days used); \$200 (1 day used); $\$ 100$ (2 days used) or $\$ 0$ ( $3+$ days used) |
| Milton | Varies by union -average is 7 | Not for anyone hired after 2012 | No |
| Pembroke | 15 | Police \& Fire Departments only <br> Fire: $50 \%$ of up to 200 days paid out following resignation, lay off, retirement or death (not job related). $100 \%$ if job related. Payment may be waived and the $50 \%$ time off taken directly before retirement date <br> Police: $50 \%$ of accumulated sick leave up to 225 days paid at $50 \%$ at retirement. $100 \%$ paid at death (job related or not) | Offered to school employees only |

## TOWN OF DUXBURY <br> SICK LEAVE

| Comparable Communities | Sick Days Earned Per Year | Buy Back Policy | Incentive for Non-use of Sick Leave |
| :---: | :---: | :---: | :---: |
| Sandwich | 15 | Policies differ depending on CBA <br> Non-union \& Clerical employees: after 15 years of service an employee will be compensated $20 \%$ of all earned and accumulated sick time up to a maximum of 150 days at their current base rate of pay <br> DPW, Dispatch, Library: Upon "service retirement" after at least 12 yrs of service ( 15 yrs. for Lib., Dispatch, Fire, Police), payment of $15 \%$ of accumulated sick leave ( $20 \%$ for Lib., Dispatch, Fire) up to 150 days (120 Dispatch, 200 Police) | There is a non-union provision that an employee may convert sick days earned in a fiscal year to vacation days at a rate of 3 sick days to 1 vacation day. So theoretically if you didn't use any of the 15 days of sick time you accrued in the previous fiscal year, you could convert them to 5 additional vacation days. Anyone who is already earning 25 vacation days per year is prohibited from doing this. Also in Clerical \& DPW contract. Library: Rate is 5 sick days to 1 vacation day. Police: If accumulate a certain number of sick days (50/75/100) and did not use more than 5 in the previous year, can get buy-back of $3 / 4 / 5$ days |
| Wareham | 15 for union and some non-union contracted positions | Some contracts allow (50\%) upon retirement or expiration of individual non-union contract. | Police receive $\$ 250$ bonus every quarter if they don't use accrued sick time |
| Average | 15 |  |  |
| Duxbury | PP non-mgnt, Dispatch, DPW, Library, Police, Commanders, Sec \& Clerks: 120 hours/15 days per year <br> Fire: 210 hours/year <br> PP mgnt: not accrued, can take up to 6 months as needed | Dispatch: Upon death or retirement, 1 day's pay for 3 days unused sick leave, to a max of 50 days. Leave accumulated in excess of the max in a given yr is paid at $1 / 3$ of the excess leave <br> DPW: Upon death or retirement, 1 day's pay for 3 days unused sick leave, to a max of 600 hrs <br> Fire: Upon death or retirement, 1 hour's pay for each 3 hours unused sick leave, to a max of 600 hrs <br> Library: Upon death or retirement, 8 hrs pay for 24 hrs unused sick leave, to a max of 400 hrs <br> Police, Commanders: Upon death or retirement, 1 day's pay for 3 days unused sick leave, to a max of 150 days. An officer with accumulated leave in excess of 60 days may request payment for up to $1 / 3$ of those unused day at the rate of 1 day's pay for 3 days leave; requires approval of Chief <br> Sec/Clerks: Upon death or retirement, 1 day's pay for 3 days unused sick leave, to a max of 225 days | DPW, Library, Police, Commanders, Sec \& Clerks: One day of pay for each period of 180 continuous calendar days with no sick leave taken <br> Fire: An employee that refrains from using all or part of 210 hours sick leave accrued during the year will receive 4 hours pay per 12 hours unused to a yearly cap of 70 hours. An added incentive of 24 hours will be granted to an employee who doesn't use any eligibility during the previous fiscal year |
